Dear GLD<sup>®</sup> Shareholder,

**Our records indicate that you have not yet voted on two critical management proposals.**

We have received strong support from shareholders and are very close to obtaining the votes required to enact both proposals. **To date, more than 83% of the shares cast have supported the proposals.** While more than 126 million votes have already been cast in favor of the two proposals, we need an additional 3% of the outstanding shares to vote "FOR" both proposals to enact them, which is why every vote counts and why your vote is so important.

It may not be evident, but there are hundreds of thousands of individual investors who in the aggregate account for the majority of the outstanding SPDR<sup>®</sup> Gold Trust shares. In order to pass the proposals, we need the participation of these holders.

**YOUR VOTE IS EXTREMELY IMPORTANT. PLEASE CAST YOUR VOTE AS SOON AS POSSIBLE.**

GLD was the first exchange traded product of its kind when developed ten years ago, and since that time, the very characteristics for which we are seeking shareholder approval have become the industry standard.

You can vote online, by telephone or by signing and returning the enclosed proxy card, which also includes voting instructions. In order to allow you sufficient time to respond, the SPDR<sup>®</sup> Gold Trust Consent Solicitation has been adjourned until February 27, 2015.

**According to the SEC, one of your key rights as a shareholder is the right to vote the shares of the companies in which you invest.**

We have made numerous attempts to reach you, including by e-mail, postal mail and phone calls. **WE NEED YOU TO VOTE AS SOON AS POSSIBLE. ONCE YOU CAST YOUR VOTE, YOU WILL NOT BE CALLED AGAIN AND WE WILL NOT MAIL ADDITIONAL CONSENT COMMUNICATIONS.**

If you have any questions regarding the enclosed proxy card or need assistance voting, please contact D.F. King & Co., Inc. at 1-866-828-9088.

As Sponsor of the SPDR<sup>®</sup> Gold Trust, we greatly appreciate and value you being a shareholder. Thank you in advance for your timely consideration of this matter.

On behalf of all of us at World Gold Trust Services, LLC, I wish you a very happy, healthy and prosperous New Year.

Sincerely,

William Rhind  
Chief Executive Officer  
World Gold Trust Services, LLC

\* Please note that although the shareholder voting period has been extended to February 27, 2015, the voting period is subject to (i) early termination, including if the requisite shareholder vote has been received for the two proposals, or (ii) extension at the discretion of the Sponsor.

December 17, 2014

Dear GLD® Shareholder,

World Gold Trust Services, LLC, Sponsor of the SPDR® Gold Trust, is currently seeking shareholder consent for two proposals designed to modernize and simplify the Trust. When launched a decade ago, GLD was the first of its kind. Since then, the very characteristics for which we are seeking shareholder approval have become the industry standard. **GLD shareholders will not pay any additional fees as a result of these proposals.**

**Strong Support Received from Shareholders around the World**

To date, more than 126MM shares have voted in favor of our proposals. Support has been received from across our shareholder base, from our largest shareholders to individual investors holding just a few shares. We are extremely close to being able to enact both proposals, which is why we are asking for your support.

**Proposal Details**

In addition to this letter, we have also attached a **one page summary of the proposals, providing the rationale for why each change was requested, the impact to shareholders and the ISS and Glass-Lewis recommendations that shareholders vote “FOR” both proposals.**

**Independent/Third-Party Recommendations**

ISS and Glass-Lewis, two of the leading proxy advisory firms globally, are compensated by institutional investors to evaluate proxies and provide their recommendations on issuer proposals. **Both firms recommend that shareholders vote “FOR” each proposal.**

**Effect of Abstentions**

Please also note that although an abstention is typically beneficial for a consent solicitation or proxy by not counting as a vote against management proposals, an abstention under GLD’s governing document is treated as a vote against.

**Conclusions**

Given that shareholders will not pay any additional fees as a result of our proposals, the independent recommendations issued by both ISS and Glass-Lewis that shareholders vote “FOR” both proposals and the overwhelming shareholder support we have received from our largest shareholders from around the world, **we would be grateful if you would consider supporting us and voting your GLD shares in favor of both of our proposals.**

We thank you for your support and greatly appreciate and value you being a shareholder.

Happy Holidays.

Sincerely,

William Rhind
