SPDR® GOLD TRUST

Notes to the Unaudited Condensed Financial Statements

1. Organization

The SPDR® Gold Trust (the “Trust”) is an investment trust formed on November 12, 2004 (“Date of Inception”) under New York law pursuant to a trust indenture (the “Trust Indenture”). The fiscal year end for the Trust is September 30th. The Trust holds gold and is expected from time to time to issue shares (“Shares”) (in minimum denominations of 100,000 Shares, also referred to as “Baskets”) in exchange for deposits of gold and to distribute gold in connection with redemption of Baskets. The investment objective of the Trust is for the Shares to reflect the performance of the price of gold bullion, less the Trust’s expenses.

The condensed statements of financial condition at June 30, 2014 and September 30, 2013, the condensed statements of operations and of cash flows for the three and nine months ended June 30, 2014 and 2013 and the condensed statement of changes in shareholders’ deficit for the nine months ended June 30, 2014 have been prepared on behalf of the Trust without audit. In the opinion of management of the sponsor of the Trust, World Gold Trust Services, LLC (the “Sponsor”), all adjustments (which include normal recurring adjustments) necessary to present fairly the financial position, results of operations and cash flows as of and for the three and nine months ended June 30, 2014 and for all periods presented have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. These condensed financial statements should be read in conjunction with the financial statements and notes thereto included in the Trust’s Annual Report on Form 10-K for the fiscal year ended September 30, 2013. The results of operations for the nine months ended June 30, 2014 are not necessarily indicative of the operating results for the full year.

2. Significant Accounting Policies

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires those responsible for preparing financial statements to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Trust.

2.1. Valuation of Gold

Gold is held by HSBC Bank USA, N.A. (the “Custodian”), on behalf of the Trust, and is valued, for financial statement purposes, at the lower of cost or market. The cost of gold is determined according to the average cost method and the market value is based on the price of gold set by the London gold fix (“London Fix”) used to determine the Net Asset Value (“NAV”) of the Trust. Realized gains and losses on sales of gold, or gold distributed for the redemption of shares, are calculated on a trade date basis using average cost.

The table below summarizes the impact of unrealized gains or losses on the Trust’s gold holdings as of June 30, 2014 and September 30, 2013:

(Amounts in 000’s of US\$)	Jun-30, 2014	Sep-30, 2013
Investment in gold - average cost	\$31,104,442	\$35,812,777
Unrealized gain on investment in gold	2,084,895	2,979,854
Investment in gold - market value	<u>\$33,189,337</u>	<u>\$38,792,631</u>

The Trust recognizes the diminution in value of the investment in gold which arises from market declines on an interim basis. Increases in the value of the investment in gold through market price recoveries in later interim periods of the same fiscal year are recognized in the later interim period. Increases in value recognized on an interim basis do not exceed the previously recognized diminution in value.

SPDR® GOLD TRUST

2. Significant Accounting Policies (continued)

2.2. Gold Receivable

Gold receivable represents the quantity of gold covered by contractually binding orders for the creation of Shares where the gold has not yet been transferred to the Trust's account. Generally, ownership of the gold is transferred within three business days of the trade date.

(Amounts in 000's of US\$)	<u>Jun-30,</u> <u>2014</u>	<u>Sep-30,</u> <u>2013</u>
Gold receivable	\$240,490	\$ —

2.3 Gold Payable

Gold payable represents the quantity of gold covered by contractually binding orders for the redemption of Shares where the gold has not yet been transferred out of the Trust's account. Generally, ownership of the gold is transferred within three business days of the trade date.

(Amounts in 000's of US\$)	<u>Jun-30,</u> <u>2014</u>	<u>Sep-30,</u> <u>2013</u>
Gold payable	\$ —	\$153,680

2.4. Creations and Redemptions of Shares

The Trust creates and redeems Shares from time to time, but only in one or more Baskets (a Basket equals a block of 100,000 Shares). The Trust issues Shares in Baskets to certain authorized participants ("Authorized Participants") on an ongoing basis. The creation and redemption of Baskets is only made in exchange for the delivery to the Trust or the distribution by the Trust of the amount of gold and any cash represented by the Baskets being created or redeemed, the amount of which will be based on the combined net asset value of the number of Shares included in the Baskets being created or redeemed determined on the day the order to create or redeem Baskets is properly received.

As the Shares of the Trust are redeemable in Baskets at the option of the Authorized Participants, the Trust has classified the Shares as Redeemable Shares on the Statement of Financial Condition. The Trust records the redemption value, which represents its maximum obligation, as Redeemable Shares with the difference from cost as an offsetting amount to Shareholders' Equity. Changes in the Shares for the nine months ended June 30, 2014 and for the year ended September 30, 2013, are as follows:

(All amounts are in 000's)	<u>Nine Months Ended</u> <u>Jun-30,</u> <u>2014</u>	<u>Year Ended</u> <u>Sep-30,</u> <u>2013</u>
Number of redeemable shares:		
Opening balance	301,600	437,900
Creations	35,300	51,100
Redemptions	(72,900)	(187,400)
Closing balance	264,000	301,600

(Amounts in 000's of US\$ except per Share)	<u>Nine Months Ended</u> <u>Jun-30,</u> <u>2014</u>	<u>Year Ended</u> <u>Sep-30,</u> <u>2013</u>
Redeemable Shares:

Creations	4,407,459	7,734,465
Redemptions	(8,950,053)	(26,693,165)
Adjustment to redemption value	(665,464)	(17,807,576)
Closing balance	\$ 33,415,479	38,623,537
Redemption value per redeemable share at period end	\$ 126.57	\$ 128.06

Net gain/(loss) per share represents basic net gain/(loss) per share because there are no dilutive equity instruments authorized or outstanding.

SPDR® GOLD TRUST

Notes to the Unaudited Condensed Financial Statements

2. Significant Accounting Policies (continued)

2.5. Revenue Recognition Policy

BNY Mellon Asset Servicing, a division of The Bank of New York Mellon (the “Trustee”), will, at the direction of the Sponsor or in its own discretion, sell the Trust’s gold as necessary to pay the Trust’s expenses. When selling gold to pay expenses, the Trustee will endeavor to sell the smallest amount of gold needed to pay expenses in order to minimize the Trust’s holdings of assets other than gold. Unless otherwise directed by the Sponsor, when selling gold, the Trustee will endeavor to sell at the price established by the London Fix at 3:00 PM London time (“London PM Fix”). The Trustee will place orders with dealers (which may include the Custodian) through which the Trustee expects to receive the most favorable price and execution of orders. The Custodian may be the purchaser of such gold only if the sale transaction is made at the next London gold price fix (either AM or PM) following the sale order. A gain or loss is recognized based on the difference between the selling price and the average cost of the gold sold.

2.6. Income Taxes

The Trust is classified as a “grantor trust” for US federal income tax purposes. As a result, the Trust itself will not be subject to US federal income tax. Instead, the Trust’s income and expenses will “flow through” to the Shareholders, and the Trustee will report the Trust’s proceeds, income, deductions, gains, and losses to the Internal Revenue Service on that basis. The Sponsor of the Trust has evaluated whether or not there are uncertain tax positions that require financial statement recognition and has determined that no reserves for uncertain tax positions are required as of June 30, 2014 or September 30, 2013.

3. Investment in Gold

The following represents the changes in ounces of gold and the respective values for the nine months ended June 30, 2014 and for the year ended September 30, 2013:

4. Related Parties - Sponsor, Trustee, Custodian and Marketing Agent Fees

Fees are paid to the Sponsor as compensation for services performed under the Trust Indenture and for services performed in connection with maintaining the Trust’s website and marketing the Shares. The Sponsor’s fee is payable monthly in arrears and is accrued daily at an annual rate equal to 0.15% of the adjusted net asset value (“ANAV”) of the Trust, subject to reduction as described below. The Sponsor will receive reimbursement from the Trust for all of its disbursements and expenses incurred in connection with the Trust.

Fees are paid to the Trustee, as compensation for services performed under the Trust Indenture. The Trustee’s fee is payable monthly in arrears and is accrued daily at an annual rate equal to 0.02% of the ANAV of the Trust, subject to a minimum fee of \$500,000 and a maximum fee of \$2 million per year. The Trustee’s fee is subject to modification as determined by the

4. Related Parties - Sponsor, Trustee, Custodian and Marketing Agent Fees (continued)

Trustee and the Sponsor in good faith to account for significant changes in the Trust's administration or the Trustee's duties. The Trustee will charge the Trust for its expenses and disbursements incurred in connection with the Trust (including the expenses of the Custodian paid by the Trustee), exclusive of fees of agents for services to be performed by the Trustee, and for any extraordinary services performed by the Trustee for the Trust.

Affiliates of the Trustee may from time to time act as Authorized Participants or purchase or sell gold or Shares for their own account, as agent for their customers and for accounts over which they exercise investment discretion.

SPDR® GOLD TRUST

Notes to the Unaudited Condensed Financial Statements

4. Related Parties - Sponsor, Trustee, Custodian and Marketing Agent Fees (continued)

Fees are paid to the Custodian under the Allocated Bullion Account Agreement (as amended, the “Allocated Bullion Account Agreement”) as compensation for its custody services. Under the Allocated Bullion Account Agreement, the Custodian’s fee is computed at an annual rate equal to 0.10% of the average daily aggregate value of the first 4.5 million ounces of gold held in the Trust’s allocated gold account (“Trust Allocated Account”) and the Trust’s unallocated gold account (“Trust Unallocated Account”) and 0.06% of the average daily aggregate value of all gold held in the Trust Allocated Account and the Trust Unallocated Account in excess of 4.5 million ounces.

The Custodian and its affiliates may from time to time act as Authorized Participants or purchase or sell gold or Shares for their own account, as agent for their customers and for accounts over which they exercise investment discretion.

Fees are paid to the marketing agent for the Trust, State Street Global Markets, LLC (the “Marketing Agent”), by the Trustee from the assets of the Trust as compensation for services performed pursuant to the agreement, as amended, between the Sponsor and the Marketing Agent (the “Marketing Agent Agreement”). The Marketing Agent’s fee is payable monthly in arrears and is accrued daily at an annual rate equal to 0.15% of the ANAV of the Trust, subject to reduction as described below.

The Marketing Agent and its affiliates may from time to time act as Authorized Participants or purchase or sell gold or Shares for their own account, as agent for their customers and for accounts over which they exercise investment discretion.

Under the Marketing Agent Agreement, as amended, if at the end of any month, the estimated ordinary expenses of the Trust exceed an amount equal to 0.40% per year of the daily ANAV of the Trust for such month, the Sponsor and the Marketing Agent will waive the amount of such excess from the fees payable to them from the assets of the Trust for such month in equal shares up to the amount of their fees. Investors should be aware that, based on current expenses, if the gross value of the Trust’s assets is less than approximately \$1.2 billion, the ordinary expenses of the Trust will be accrued at a rate greater than 0.40% per year of the daily ANAV of the Trust, even after the Sponsor and the Marketing Agent have completely waived their combined fees of 0.30% per year of the daily ANAV of the Trust. This amount is based on the estimated ordinary expenses of the Trust and may be higher if the Trust’s actual ordinary expenses exceed those estimates. Additionally, if the Trust incurs unforeseen expenses that cause the total ordinary expenses of the Trust to exceed 0.70% per year of the daily ANAV of the Trust, the ordinary expenses will accrue at a rate greater than 0.40% per year of the daily ANAV of the Trust, even after the Sponsor and the Marketing Agent have completely waived their combined fees of 0.30% per year of the daily ANAV of the Trust.

For the three and nine months ended June 30, 2014, the fees payable to the Sponsor and the Marketing Agent were each reduced by \$0. For the three and nine months ended June 30, 2013, the comparable reduction in fees was \$0.

Amounts payable to Related Parties

Accounts payable to related parties	<u>\$9,941</u>	<u>\$12,133</u>

5. Concentration of Risk

The Trust’s sole business activity is the investment in gold. Several factors could affect the price of gold: (i) global gold supply and demand, which is influenced by such factors as forward selling by gold producers, purchases made by gold producers to unwind gold hedge positions, central bank purchases and sales, and production and cost levels in major gold-producing countries such as China, Australia, South Africa and the United States; (ii) investors’ expectations with respect to the rate of inflation; (iii) currency exchange rates; (iv) interest rates; (v) investment and trading activities of hedge funds and commodity funds; and (vi) global or regional political, economic or financial events and situations. In addition, there is no assurance that gold will maintain its long-term value in terms of purchasing power in the future. In the event that the price of gold declines, the Sponsor expects the value of an investment in the Shares to decline proportionately. Each of these events could have a material effect on the Trust’s financial position and results of operations.

SPDR® GOLD TRUST

Notes to the Unaudited Condensed Financial Statements

6. Indemnification

The Sponsor and its shareholders, members, directors, officers, employees, affiliates and subsidiaries are indemnified from the Trust and held harmless against certain losses, liabilities or expenses incurred in the performance of its duties under the Trust Indenture without gross negligence, bad faith, willful misconduct, willful malfeasance or reckless disregard of the indemnified party's obligations and duties under the Trust Indenture. Such indemnity includes payment from the Trust of the costs and expenses incurred in defending against any claim or liability under the Trust Indenture. Under the Trust Indenture, the Sponsor may be able to seek indemnification from the Trust for payments it makes in connection with the Sponsor's activities under the Trust Indenture to the extent its conduct does not disqualify it from receiving such indemnification under the terms of the Trust Indenture. The Sponsor will also be indemnified from the Trust and held harmless against any loss, liability or expense arising under the Marketing Agent Agreement or any agreement entered into with an Authorized Participant which provides the procedures for the creation and redemption of Baskets and for the delivery of gold and any cash required for creations and redemptions insofar as such loss, liability or expense arises from any untrue statement or alleged untrue statement of a material fact contained in any written statement provided to the Sponsor by the Trustee. Any amounts payable to the Sponsor are secured by a lien on the Trust.

The Sponsor has agreed to indemnify certain parties against certain liabilities and to contribute to payments that such parties may be required to make in respect of those liabilities. The Trustee has agreed to reimburse such parties, solely from and to the extent of the Trust's assets, for indemnification and contribution amounts due from the Sponsor in respect of such liabilities to the extent the Sponsor has not paid such amounts when due. The Sponsor has agreed that, to the extent the Trustee pays any amount in respect of the reimbursement obligations described in the preceding sentence, the Trustee, for the benefit of the Trust, will be subrogated to and will succeed to the rights of the party so reimbursed against the Sponsor.

7. Accounting Pronouncement

In June 2013, the Financial Accounting Standards Board issued Accounting Standards Update No. 2013-08, Financial Services – Investment Companies: Amendments to the Scope, Measurement, and Disclosure Requirements (ASU 2013-08). ASU 2013-08 which amends the current criteria for an entity to qualify as an investment company, modifies the measurement criteria for certain interests in other investment companies, and includes new disclosure requirements. ASU 2013-08 is effective for interim and annual reporting periods beginning after December 15, 2013. Early application is prohibited. The Trust will adopt ASU 2013-08 for the quarter ended December 31, 2014.

8. Subsequent Events

The Trust Indenture was amended on June 18, 2014, filed with the U.S. Securities and Exchange Commission (the "SEC") on June 19, 2014 and became effective as of August 2, 2014. The amendment clarifies and supplements certain provisions of the Trust Indenture relating to the creation and redemption of shares, the creation and issuance of creation baskets, the definition of record date, the removal of a custodian, the waiver of the Sponsor's fee and the listing of the Shares on exchanges and securities markets. In connection with the amendment of the Trust Indenture to make conforming changes to the procedures for the creation and issuance of creation baskets, the SPDR® Gold Trust Participant Agreement among the Trustee, the Sponsor and the Authorized Participants was amended on July 18, 2014, filed with the SEC on July 22, 2014 and became effective on August 1, 2014.

The Sponsor filed a Definitive Consent Solicitation Statement (the "Consent Solicitation") with the SEC on June 19, 2014 with respect to a proposal to amend and restate the Trust Indenture of the Trust to (i) implement a unitary fee structure and cap investor ordinary fees at 0.40% of the NAV each year and (ii) permit the Sponsor to compensate its affiliates for providing marketing and other services to the Trust without any additional cost to the Trust. The voting period for the Consent Solicitation has been extended to August 29, 2014.

On July 31, 2014, Kevin Feldman resigned as Chief Executive Officer of the Sponsor, with an effective date of August 15, 2014. The Sponsor's Board of Directors appointed Aram Shishmanian, Executive Director of the Sponsor, to serve as the Acting Chief Executive Officer of the Sponsor effective upon Mr. Feldman's departure. Mr. Shishmanian has served as the Chief Executive Officer of the World Gold Council, the ultimate parent company of the Sponsor, since January 2009.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

This information should be read in conjunction with the financial statements and notes included in Item 1 of Part I of this Quarterly Report. The discussion and analysis which follows may contain trend analysis and other forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934 which reflect our current views with respect to future events and financial results. Words such as “anticipate,” “expect,” “intend,” “plan,” “believe,” “seek,” “outlook” and “estimate” as well as similar words and phrases signify forward-looking statements. SPDR® Gold Trust’s forward-looking statements are not guarantees of future results and conditions and important factors, risks and uncertainties may cause our actual results to differ materially from those expressed in our forward-looking statements.

Trust Overview

SPDR® Gold Trust is an investment trust that was formed on November 12, 2004 (Date of Inception). The Trust issues baskets of Shares, or Baskets, in exchange for deposits of gold and distributes gold in connection with the redemption of Baskets. The investment objective of the Trust is for the Shares to reflect the performance of the price of gold bullion, less the expenses of the Trust’s operations. The Shares are designed to provide investors with a cost effective and convenient way to invest in gold.

As of the date of this quarterly report, Barclays Capital Inc., Citigroup Global Markets Inc., Credit Suisse Securities (USA) LLC, Deutsche Bank Securities Inc., Goldman, Sachs & Co., Goldman Sachs Execution & Clearing, L.P., HSBC Securities (USA) Inc., J.P. Morgan Securities Inc., Merrill Lynch Professional Clearing Corp., Morgan Stanley & Co. LLC, Newedge USA LLC, RBC Capital Markets LLC, Scotia Capital (USA) Inc., UBS Securities LLC, and Virtu Financial BD LLC are the only Authorized Participants. An updated list of Authorized Participants can be obtained from the Trustee or the Sponsor.

Investing in the Shares does not insulate the investor from certain risks, including price volatility. The following chart illustrates the movement in the price of the Shares and NAV of the Shares against the corresponding gold price (per 1/10 of an oz. of gold) since the day the Shares first began trading on the NYSE:

Share price & NAV v. gold price from November 18, 2004 to June 30, 2014

The divergence of the price of the Shares and NAV of the Shares from the gold price over time reflects the cumulative effect of the Trust expenses that arise if an investment had been held since inception.

Valuation of Gold, Definition of NAV and ANAV

As of the London PM Fix on each day that the NYSE Arca is open for regular trading or, if there is no London PM Fix on such day or the London PM Fix has not been announced by 12:00 PM New York time on such day, as of 12:00 PM New York time on such day (the "Valuation Time"), the Trustee values the gold held by the Trust and determines both the ANAV and the NAV of the Trust.

At the Valuation Time, the Trustee values the Trust's gold on the basis of that day's London PM Fix or, if no London PM Fix is made on such day or has not been announced by the Valuation Time, the next most recent London gold price fix (AM or PM) determined prior to the Valuation Time will be used, unless the Trustee, in consultation with the Sponsor, determines that such price is inappropriate as a basis for valuation. In the event the Trustee and the Sponsor determine that the London PM Fix or last prior London gold price fix (AM or PM) is not an appropriate basis for valuation of the Trust's gold, they will identify an alternative basis for such valuation to be employed by the Trustee. While we believe that the London PM Fix is an appropriate indicator of the value of gold, there are other indicators that are available that could be different than the London PM Fix. The use of such an alternative indicator could result in materially different fair value pricing of the gold in the Trust which could result in different lower of cost or market adjustments or redemption value adjustments of our outstanding redeemable Shares. There can be no assurance that a future change, if any, in the London PM Fix will not have a material effect on the Trust's operations.

Once the value of the gold has been determined, the Trustee subtracts all estimated accrued but unpaid fees (other than the fees to be computed by reference to the value of the ANAV of the Trust or custody fees computed by reference to the value of gold held in the Trust), expenses and other liabilities of the Trust from the total value of the gold and all other assets of the Trust (other than any amounts credited to the Trust's reserve account, if established). The resulting figure is the ANAV of the Trust. The ANAV of the Trust is used to compute the fees of the Trustee, the Sponsor, and the Marketing Agent.

To determine the Trust's NAV, the Trustee subtracts from the ANAV of the Trust the amount of estimated accrued but unpaid fees computed by reference to the value of the ANAV of the Trust and computed by reference to the value of the gold held in the Trust (i.e., the fees of the Trustee, the Sponsor, the Marketing Agent and the Custodian). The Trustee determines the NAV per Share by dividing the NAV of the Trust by the number of Shares outstanding as of the close of trading on the NYSE Arca.

Critical Accounting Policy

Valuation of Gold

Gold is held by the Custodian on behalf of the Trust and is valued, for financial statement purposes, at the lower of cost or market. The cost of gold is determined according to the average cost method and the market value is based on the London Fix used to determine the NAV of the Trust. Realized gains and losses on sales of gold, or gold distributed for the redemption of Shares, are calculated on a trade date basis using average cost.

Results of Operations

In the nine months ended June 30, 2014, an additional 35,300,000 Shares (353 Baskets) were created in exchange for 3,219,258 ounces of gold, 72,900,000 Shares (729 Baskets) were redeemed in exchange for 7,145,517 ounces of gold, and 79,053 ounces of gold were sold to pay expenses.

As at June 30, 2014, the Custodian held 25,239,039 ounces of gold on behalf of the Trust in its vault, 100% of which is allocated gold in the form of London Good Delivery gold bars with a market value of \$33,189,336,680 (cost — \$31,104,441,862) based on the London PM fix on June 30, 2014. Subcustodians held nil ounces of gold in their vaults on behalf of the Trust and 182,882 ounces of gold were receivable to the Trust in connection with the creation of Baskets.

As at September 30, 2013, the amount of gold owned by the Trust was 29,128,497 ounces, with a market value of \$38,638,951,541 (cost — \$35,659,096,983), based on the London PM fix on September 30, 2013 (in accordance with the Trust Indenture).

As at September 30, 2013, the Custodian held 29,244,351 ounces of gold in its vault 100% of which is allocated gold in the form of London Good Delivery gold bars including gold payable, with a market value of \$38,792,631,793 (cost — \$35,812,777,235). Included within ounces of gold held by Custodian was 115,854 ounces, with a market value of \$153,680,251, which was payable by the Trust in connection with the redemption of Baskets. Subcustodians held nil ounces of gold in their vaults on behalf of the Trust as at September 30, 2013.

As at June 30, 2014, Inspectorate International Limited had concluded the annual random sample count of the Trust's gold bullion held by the Custodian. The results can be found on www.spdrgoldshares.com.

Cash Resources and Liquidity

At June 30, 2014 the Trust did not have any cash balances. When selling gold to pay expenses, the Trustee endeavors to sell the exact amount of gold needed to pay expenses in order to minimize the Trust's holdings of assets other than gold. As a consequence, we expect that the Trust will not record any cash flow from its operations and that its cash balance will be zero at the end of each reporting period.

Analysis of Movements in the Price of Gold

As movements in the price of gold are expected to directly affect the price of the Trust's Shares, investors should understand what the recent movements in the price of gold have been. Investors, however, should also be aware that past movements in the gold price are not indicators of future movements. This section identifies recent trends in the movements of the gold price.

The following chart provides historical background on the price of gold. The chart illustrates movements in the price of gold in US dollars per ounce over the period from July 1, 2009 to June 30, 2014, and is based on the London PM Fix.

Daily gold price - July 1, 2009 to June 30, 2014

- (1) The end of period gold price is the London PM Fix on the last business day of the period. This is in accordance with the Trust Indenture and the basis used for calculating the Net Asset Value of the Trust.
- (2) There was no London PM Fix on the last business day of December 2011, 2012 and 2013. The London AM Fix on such business days was \$1,574.50, \$1,664.00 and \$1,201.50, respectively. The Net Asset Value of the Trust on December 31, 2012 and 2013 and December 30, 2011 was calculated using the London AM Fix, in accordance with the Trust Indenture.

- (3) There was no London PM Fix for both December 24th and December 31st for the periods ended 2012 and 2013, as well as December 23rd and 30th for the period ended 2011. For comparative purposes, the average was calculated using the London AM Fix for those business days. Accordingly, the Net Asset Value of the Trust for December 24th and December 31st for the periods ended 2012 and 2013, as well as December 23rd and 30th for the period ended 2011, was calculated using the London AM Fix.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Trust Indenture does not authorize the Trustee to borrow for payment of the Trust's ordinary expenses. The Trust does not engage in transactions in foreign currencies which could expose the Trust or holders of Shares to any foreign currency related market risk. The Trust does not invest in any derivative financial instruments or long-term debt instruments.

Item 4. Controls and Procedures

Disclosure controls and procedures. Under the supervision and with the participation of the Sponsor, World Gold Trust Services, LLC, including its chief executive officer and chief financial officer, we carried out an evaluation of the effectiveness of the design and operation of the Trust's disclosure controls and procedures. Based upon that evaluation, our chief executive officer and chief financial officer concluded that the disclosure controls and procedures were effective as of the end of the period covered by this quarterly report.

Internal control over financial reporting. There has been no change in the internal control of the Trust over financial reporting that occurred during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the internal control over financial reporting.

PART II - OTHER INFORMATION:

Item 1. Legal Proceedings

Not applicable.

Item 1A. Risk Factors

You should carefully consider the factors discussed in Part I, Item 1A. "Risk Factors" in our Annual Report on Form 10-K for the year ended September 30, 2013, which could materially affect our business, financial condition or future results. There have been no material changes in our risk factors from those disclosed in our 2013 Annual Report on Form 10-K, except for the following:

Because the value of the gold held by the Trust is determined using the London PM Fix, potential discrepancies in, or manipulation of, the calculation of the London PM Fix could impact the value of the gold held by the Trust and could have an adverse effect on the value of an investment in the Shares.

The London Gold Fix is determined twice each business day (10:30 a.m. and 3:00 p.m. London time) by the member banks of The London Gold Market Fixing Ltd. using a bidding process that sets or "fixes" the price of gold by matching buy and sell orders submitted to the member banks for the applicable fixing time. The net asset value of the Trust is determined each day the Trust's principal market, the NYSE Arca, is open for regular trading, using the 3:00 p.m. London Gold Fix, which is commonly referred to as the "London PM Fix." If the London PM Fix has not been announced by 12:00 PM New York time on a particular evaluation day, the next most recent London gold price fix (AM or PM) is used in the determination of the net asset value of the Trust. The Trust, the Sponsor, and the Trustee do not participate in establishing the London PM Fix. Other trusts backed by physical gold also use the London Gold Fix to determine their asset value.

The London PM Fix is currently the most widely used benchmark for daily gold prices and has historically been viewed as a full and fair representation of all market interest at the time the London PM Fix is determined. Beginning in early 2014, increased attention has been directed to the use of various financial benchmarks and indices as price setting mechanisms for market transactions, including the London Gold Fix. For example, the press has reported that regulators in both Germany and the United Kingdom are currently reviewing the London Gold Fix as part of a wider review of how global benchmark rates are set. As of May 30, 2014, one member of The London Gold Market Fixing Ltd. had been sanctioned by regulators in the United Kingdom for failing to adequately manage conflicts of interest and other matters in connection with the London Gold Fix, and a senior trader for the firm had been sanctioned for inappropriate conduct relating to the London Gold Fix. It is possible that there may be additional regulatory actions brought against other members of The London Gold Market Fixing Ltd. Separately, several lawsuits have been filed against the member banks which establish the London Gold Fix for alleged manipulative conduct in connection with their role in determining the London Gold Fix. On

May 13, 2014, Deutsche Bank AG ceased to participate in the London Gold Fix, leaving four member banks of The London Gold Market Fixing Ltd. as participants. There can be no assurance that any of the other member banks will not withdraw from the London Gold Fix process without finding a replacement.

Concerns about the integrity or reliability of the London PM Fix, even if eventually shown to be without merit, could adversely affect investor interest in gold, and therefore adversely affect the price of gold and the value of an investment in the Shares. Because the net asset value of the Trust is determined using the London PM Fix, discrepancies in, or manipulation of, the calculation of the London PM Fix could have an adverse impact on the value of an investment in the Shares. Furthermore, concern about the integrity or reliability of the pricing mechanism could disrupt trading in gold and products using the London PM Fix, such as the Shares. In addition, these concerns could potentially lead to both changes in the manner in which the London PM Fix is calculated and/or the discontinuance of the London Gold Fix altogether. Each of these factors could lead to less liquidity or greater price volatility for gold and products using the London PM Fix, such as the Shares, or otherwise could have an adverse impact on the trading price of the Shares.

The Sponsor and the Trustee are monitoring the matters described above. The Sponsor and the Trustee continue to believe the London PM Fix is appropriate as a basis for the evaluation of gold held by the Trust. The Trust will continue to use the London PM Fix to value the gold held by the Trust unless the Trustee, in consultation with the Sponsor, determines such price is inappropriate as a basis for evaluation of the Trust's gold. In such event, or in the event the London PM Fix is no longer calculated, the Trustee and Sponsor will, in good faith, identify an alternative basis for the evaluation of the gold held by the Trust and take such action as they deem warranted. The use of an alternative indicator for the price of gold could result in materially different pricing of the gold in the Trust, which could result in materially different valuations of the Trust's Shares. There can be no assurance that future changes to, or the discontinuance of, the London PM Fix will not have a material effect on the Trust's operations, including the creation or redemption of Shares, or the trading price of Shares.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER
PURSUANT TO RULE 13a-14(a) AND 15d-14(a)
UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED**

I, Kevin Feldman, certify that:

1. I have reviewed this quarterly report on Form 10-Q of the SPDR® Gold Trust (“Trust”);
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant’s disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant’s internal control over financial reporting that occurred during the registrant’s most recent fiscal quarter (the registrant’s fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant’s internal control over financial reporting; and
5. The other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the auditors of the World Gold Council and of World Gold Trust Services, LLC and the audit committee of the board of directors of World Gold Trust Services, LLC (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant’s ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves persons who have a significant role in the registrant’s internal control over financial reporting.
