TO AMEND THE TRUST INDENTURE OF THE TRUST**

Terms not otherwise defined in this notice shall have the meanings defined in the trust indenture, as amended, of the Trust.

**NOTICE OF AMENDMENT TO THE TRUST INDENTURE AND PROPOSAL AND
SOLICITATION FOR CONSENT TO AMEND THE TRUST INDENTURE**

Notice is hereby given to you as an owner of a beneficial interest in the Trust (a "**Shareholder**") that a solicitation statement dated as of 19 June 2014 ("**Consent Solicitation Statement**") is being provided to you on behalf of World Gold Trust Services, LLC, as sponsor of the Trust (the "**Sponsor**"), for the purpose of obtaining your consent to the two proposals described in the Consent Solicitation Statement to amend the trust indenture of the Trust, dated 12 November 2004 between the Sponsor and The Bank of New York Mellon, as trustee (the "**Trustee**"), as amended on 26 November 2007, 20 May 2008 and 1 June 2011 (the "**Original Trust Indenture**"). The Sponsor and the Trustee further amended the trust indenture of the Trust on 18 June 2014 (the "**June 2014 Amendment**") to take effect on 2 August 2014 and to include a number of amendments that clarify and supplement provisions of the Original Trust Indenture. The Original Trust Indenture and the June 2014 Amendment are hereinafter referred to as the "**Trust Indenture**".

¹ Securities and Futures Commission's authorization is not a recommendation or endorsement of a scheme nor does it guarantee the commercial merits of a scheme or its performance. This notice provides a high level summary of the key aspects of the two proposals and other changes to the Trust Indenture. Please read the Consent Solicitation Statement before voting on the two proposals.

Purpose of the Proposals

The two proposals are intended, primarily (i) to change the manner in which the ordinary fees and expenses of the Trust are paid to provide that, in return for the Trust's payment to the Sponsor of a fee of 0.40% per year of the daily net asset value ("**daily NAV**") of the Trust, as calculated for compensation purposes as described below, the Sponsor will be responsible for the payment of all other ordinary fees and expenses of the Trust, regardless of whether such fees and expenses of the Trust exceed 0.40% per year of the daily NAV of the Trust ("**Proposal 1**"); and (ii) to permit the Sponsor to compensate affiliates for providing marketing and other services to the Trust ("**Proposal 2**").

Proposal 1 and the recently adopted amendments in the June 2014 Amendment are collectively intended to update certain provisions of the Original Trust Indenture to align them with the provisions contained in the trust agreements of similar exchange traded products that were launched subsequent to the initial public offering of the Trust and to clarify provisions in the Original Trust Indenture so that they will be consistent with industry practice that has developed over the last nine years. Proposal 2 is intended to permit the Sponsor to more effectively use affiliates to provide marketing and other services to the Trust.

The proposals primarily propose to make the following changes to the Original Trust Indenture:

(1) Proposal 1: Fees and Expenses of the Trust

The Trust's estimated ordinary operating expenses accrue daily and are reflected in the net asset value ("**NAV**") of the Trust. The ordinary operating expenses of the Trust include: (i) fees paid to the Sponsor, (ii) fees paid to the Trustee, (iii) fees paid to HSBC Bank USA, N.A., as custodian of the Trust (the "**Custodian**"), (iv) fees paid to State Street Global Markets, LLC, the marketing agent for the SPDR® Gold Shares (the "**Shares**") of the Trust (the "**Marketing Agent**"), and other marketing costs and (v) various Trust administration fees, including printing and mailing costs, legal and audit fees, registration fees and listing fees.

The fees of the Sponsor, Trustee, Custodian and Marketing Agent and the administration fees of the Trust are accrued and paid by the Trust.

At present, the Trustee pays the following ordinary operating expenses of the Trust from the assets of the Trust:

- (i) *Sponsor*: The Sponsor currently receives a fee payable monthly in arrears that is accrued daily at an annual rate equal to 0.15% of the adjusted net asset value ("**ANAV**") of the Trust, as calculated for compensation purposes as described below, and is subject to reduction as described below. The Trust also reimburses the Sponsor for certain disbursements and expenses incurred in connection with the Trust.

- (ii) *Trustee*: The Trustee's fee is payable monthly in arrears and is accrued daily at an annual rate of 0.02% of the ANAV of the Trust, subject to a minimum fee of \$500,000 and a maximum fee of \$2 million annually as compensation for services performed under the Original Trust Indenture. The Trustee's fees for fiscal 2013 were \$2 million. The Trust also reimburses the Trustee for certain expenses and disbursements and for any extraordinary services.
- (iii) *Custodian*: Fees are paid to the Custodian as compensation for its custody services in connection with the accounts maintained by the Trust with the Custodian. The Custodian's fee is computed at an annual rate equal to 0.10% of the average daily aggregate value of the first 4.5 million ounces of gold held in the Trust's accounts and 0.06% of the average daily aggregate value of all gold held in the Trust's accounts in excess of 4.5 million ounces. The Custodian's fees for fiscal 2013 were approximately 0.066% of the average daily aggregate value of the gold held in the Trust's accounts.
- (iv) *Marketing Agent*: The Marketing Agent's fee is payable monthly in arrears and is accrued daily at an annual rate equal to 0.15% of the ANAV of the Trust and is subject to reduction as described below. The Trust also reimburses the Marketing Agent for certain marketing costs.
- (v) *Administration Fees*: The administration fees of the Trust total approximately 0.03% to 0.04% of the ANAV of the Trust based on an annual rate that accrues daily. These fees include: (i) U.S. Securities and Exchange Commission ("**SEC**") registration fees and other regulatory fees; (ii) audit and quarterly review fees; (iii) legal fees; (iv) internal and external auditor fees in respect of Sarbanes Oxley compliance; (v) printing fees; and (vi) certain marketing and other costs.

Fee Reduction Agreement

Under the marketing agent agreement dated 16 November 2004 between the Sponsor and the Marketing Agent, as amended (the "**Marketing Agent Agreement**"), and the Original Trust Indenture, the fees of the Sponsor and the Marketing Agent are subject to reduction while the Marketing Agent Agreement is in effect.

The reduction applies whenever, at the end of a particular month, the estimated ordinary expenses of the Trust for such month (including the Marketing Agent's fees and the Sponsor's fees for such month) exceed 0.40% per year of the daily ANAV of the Trust for such month. If the reduction applies, the fees payable to the Sponsor and the Marketing Agent for such month are reduced by the amount of such excess in equal shares up to the full amount of their fees, thus maintaining the ordinary expenses of the Trust at 0.40% per year of the daily ANAV of the Trust. However, in the event that the ordinary expenses of the Trust exceeded 0.70% per year of the daily ANAV of the Trust for a particular month, the Trust would bear the excess of such expenses over 0.70% per year of the daily ANAV of the Trust for that month, notwithstanding that the fees of the Sponsor and the Marketing Agent would be reduced to zero for that month. This agreement is referred to as the "**Fee Reduction Agreement**."

Currently, the Fee Reduction Agreement ends when the Marketing Agent Agreement is no longer in effect. If the Marketing Agent Agreement is not

renewed or is otherwise terminated, there is no assurance that any service provider of the Trust would agree to a similar or other fee reduction arrangement in the future or that the Sponsor would do so unilaterally. After the Marketing Agent Agreement is no longer in effect, the estimated ordinary expenses payable by the Trust each month may be more than they would have been had the Fee Reduction Agreement continued to be in place.

If Proposal 1 is adopted:

- (i) the Sponsor will receive an annual fee equal to 0.40% of the daily NAV of the Trust and in return the Sponsor will be responsible for the payment of the ordinary fees and expenses of the Trust, including the Trustee's fee, the Custodian's fee, the Marketing Agent's fee and the administration fees of the Trust, regardless of whether the ordinary expenses of the Trust exceed 0.40% of the daily NAV of the Trust, which will provide Shareholders with on-going assurance that the ordinary fees and expenses for which the Trust is responsible will not increase over time. Under the current expense structure of the Trust, the Trust could be responsible for ordinary expenses of the Trust in excess of 0.40% of the daily NAV of the Trust if the Fee Reduction Agreement ceased to be in effect due to the termination of the Marketing Agent Agreement or, for the period that the Fee Reduction Agreement is in effect, if, as described above, the ordinary expenses of the Trust exceeded 0.70% of the daily ANAV of the Trust for a particular month; and
- (ii) the Fee Reduction Agreement will be terminated as unnecessary simultaneously with the amendment of the Marketing Agent Agreement to reflect the change in the method of payment of the Marketing Agent.

The amendments to the Original Trust Indenture that relate to this Proposal 1 are principally set forth in Sections 3.05(a) and (b) and 7.04 of the proposed amendments that are contained in Appendix A to the Consent Solicitation Statement.

(2) Proposal 2: Affiliate Marketing and Other Services

The Original Trust Indenture currently does not permit the Sponsor to pay its affiliates for any services rendered on behalf of the Trust, except from the Sponsor's fee of 0.15% of the daily ANAV of the Trust.

Proposal 2 would permit the Sponsor to more effectively use affiliates to provide marketing and other services to the Trust. The Sponsor believes that it will be in the best interests of the Trust if the Sponsor were permitted to engage and pay certain of its affiliates, for example, those that have expertise with respect to gold as an asset class. The Sponsor believes that having the ability to utilize and pay for the expertise of the World Gold Council, the Sponsor's ultimate parent company, and its affiliates, when and if needed, will be beneficial for the Trust and its Shareholders. The Sponsor will be responsible for any payments made to affiliates for providing any services to the Trust.

The amendments to the Original Trust Indenture that relate to this Proposal 2 are principally set forth in Section 3.08(c) of the proposed amendments that are contained in Appendix A to the Consent Solicitation Statement.

Proposals 1 and 2 include other related changes to the Trust Indenture as set out in Appendix A to the Consent Solicitation Statement.

Potential Disadvantages of the Two Proposals

There can be no assurance the two proposals, if adopted, will in fact have the effects discussed above. While the Sponsor believes that it will be better able to administer and control the costs of the Trust if the two proposals are adopted, the proposals could cause the Sponsor to reduce its costs at the expense of the level of services provided the Trust.

Effect of Adoption of Proposals 1 and 2

If one or both of Proposals 1 and 2 are not adopted, the Trust will continue to operate in the same manner as it has operated with respect to the subject matter of the proposal(s) not adopted.

If either or both of the proposals are adopted, the Sponsor and Trustee will, subject to the implementation of certain procedures, execute an amendment to the Trust Indenture to incorporate the proposal(s) adopted, as indicated in Appendix A to the Consent Solicitation Statement. Changes will also be required in the agreements with the various service providers to the Trust if Proposal 1 is adopted to reflect the change in payment procedure and any changes in payment terms.

(3) Additional Amendments to the Original Trust Indenture

The Sponsor and the Trustee amended the Original Trust Indenture in the June 2014 Amendment to include additional amendments that clarify and supplement provisions of the Original Trust Indenture. The June 2014 Amendment did not require the consent of Shareholders pursuant to the provisions of the Original Trust Indenture and applicable laws and regulations (including the Code of Unit Trust and Mutual Funds). A copy of the June 2014 Amendment is attached as Appendix B to the Consent Solicitation Statement. The June 2014 Amendment will become effective on 2 August 2014. This notice and the Consent Solicitation Statement is deemed to include the requisite notice to Shareholders of the June 2014 Amendment.

The amendments incorporated in the June 2014 Amendment are:

- (a) *Creation and Redemption of Shares:* This amendment clarifies the methodology utilized by the Trustee to value the gold held by the Trust and the net asset value per Share, or NAV per Share, of the Trust on each business day. While the Trustee has utilized this methodology since the formation of the Trust, which methodology is the customary practice employed by similar investment trusts, the language of the Original Trust Indenture was general and did not specifically identify the methodology utilized by the Trustee. This amendment provides additional clarity and certainty to the Original Trust Indenture. The amendment provides that:
 - (i) in connection with the Trustee's valuation of the gold held by the Trust on each business day, (1) gold deliverable to the Trust by an Authorized Participant in connection with the Authorized Participant's order to create new baskets of Shares will be considered held by the Trust for purposes of such valuation beginning on the first business

day following the date of the order and (2) gold deliverable from the Trust to an Authorized Participant in connection with the Authorized Participant's order to redeem baskets of Shares will not be considered held by the Trust for purposes of such valuation beginning on the first business day following the date of the order; and

- (ii) in connection with the Trustee's determination of the NAV per Share of the Trust on each business day, (1) Shares deliverable to an Authorized Participant from the Trust in connection with the Authorized Participant's order to create new baskets of Shares will be considered outstanding beginning on the first business day following the date of the order and (2) Shares deliverable by an Authorized Participant to the Trust in connection with the Authorized Participant's order to redeem baskets of Shares will not be considered outstanding beginning on the first business day following the date of the order.

When calculating the NAV per Share of the Trust, fractions smaller than \$0.01 will be disregarded. These amendments align the Original Trust Indenture with customary practice among investment trusts that are comparable to the Trust, and with the current practices of the Trustee.

The amendments to the Original Trust Indenture that relate to this amendment are principally set forth in Sections 4.01 and 5.01 of the June 2014 Amendment attached as Appendix B to the Consent Solicitation Statement.

- (b) *Creation and Issuance of Creation Baskets:* This amendment clarifies the procedures utilized by the Trustee in the creation and issuance of baskets of Shares (a basket of Shares equals a block of 100,000 Shares). The amendment provides that the creation of basket of Shares may only be made after the requisite gold is deposited in the allocated account of the Trust that has been established with the Custodian, or the Trust Allocated Account. This amendment will change the relevant time for the issuance and delivery of baskets of Shares from approximately 9:00 a.m. New York time (as described below) to approximately 11:00 a.m. New York time.

The creation and redemption of baskets of Shares requires the delivery to the Trust or the distribution by the Trust of the amount of gold and any cash represented by the baskets of Shares being created or redeemed, the amount of which is based on the combined NAV of the number of Shares included in the baskets of Shares being created or redeemed. Baskets of Shares may be created or redeemed only by Authorized Participants. Prior to the June 2014 Amendment, after accepting an Authorized Participant's purchase order for the creation of a basket of Shares, the Trustee could issue and deliver baskets of Shares at or shortly after 9:00 a.m. New York time on the third business day after the purchase order date, but only if by such time the Trustee has received, among other things, a notice from the Custodian that the Custodian has received the requisite gold bullion for the account of the Trust to the credit of the unallocated account established by the Trust with the Custodian, or the Trust Unallocated Account, from an unallocated account established by an Authorized Participant with the Custodian. During those periods when gold is held in the Trust Unallocated Account, the Trust has no proprietary rights to any specific bars of gold held by the Custodian and would be an unsecured creditor of the Custodian with respect

to the amount of gold held in such unallocated account. In the event the Custodian becomes insolvent, the Custodian's assets might not be adequate to satisfy a claim by the Trust for the amount of gold held in the Trust Unallocated Account.

While it has been the practice of the Trustee to only issue baskets of Shares against the delivery of the requisite gold into the Trust Allocated Account, the amendment clarifies that creations may only be made after the required gold deposit has been allocated to the Trust Allocated Account from the Trust Unallocated Account.

This amendment provides additional security for Shareholders by eliminating potential risks related to issuing baskets of its Shares against unallocated gold if the Custodian was to become insolvent or if the unallocated gold was otherwise not allocated for some other unforeseen reason. The amendments to the Original Trust Indenture that relate to this amendment are principally set forth in Section 2.03(a)(iii) of the June 2014 Amendment attached as Appendix B to the Consent Solicitation Statement.

- (c) *Record Date:* The amendment defines the record date for all matters requiring a record date. The Original Trust Indenture specified the record date for cash distributions only. The Sponsor believes that this amendment provides additional clarity and certainty to the Original Trust Indenture.

The amendments to the Original Trust Indenture that relate to this amendment are principally set forth in Section 3.12 of the June 2014 Amendment attached as Appendix B to the Consent Solicitation Statement.

- (d) *Removal of a Custodian:* The amendment makes it explicit that the Sponsor may direct the Trustee to remove a Custodian. Currently, the Sponsor may direct the Trustee to employ one or more other custodians in addition to or in replacement of the Custodian or any successor custodian or additional custodian for the safekeeping of gold and services in connection with its deposit and delivery, provided that the Sponsor may not direct the employment of a successor custodian or an additional custodian without the Trustee's consent, if such employment would have a materially adverse effect on the Trustee's performance of its duties hereunder. The Trustee may also, with the prior approval of the Sponsor, employ one or more other successor custodians or additional custodians selected by the Trustee for the safekeeping of gold and services in connection with its deposit and delivery.

The Trustee is responsible for monitoring the performance of each Custodian and for taking such actions to enforce the obligations of each Custodian as are necessary to protect the Trust and the rights and interests of its Shareholders. In the event that the Trustee determines that maintenance of gold with a Custodian is not in the best interest of the Shareholders, the Trustee shall so advise the Sponsor and thereafter take such reasonable action as the Sponsor shall direct, or if the Sponsor has not given direction within one business day, shall initiate action to remove the gold from the custody of the Custodian or take such other action as the Trustee determines appropriate to safeguard the interests of Shareholders.

This amendment provides additional clarity and certainty to the Original Trust Indenture. The amendments to the Original Trust Indenture that relate to this amendment are principally set forth in Section 3.02(b) of the June 2014 Amendment attached as Appendix B to the Consent Solicitation Statement.

- (e) *Sponsor Fee Waiver*: The amendment makes it explicit that the Sponsor has the right to waive part or all of its fee. The Sponsor believes that this amendment provides flexibility and certainty so that the Sponsor may, at its election, provide a benefit to the Shareholders.

The amendments to the Original Trust Indenture that relate to this amendment are principally set forth in Section 7.04 of the June 2014 Amendment attached as Appendix B to the Consent Solicitation Statement.

- (f) *Stock Exchange Listings*: The Shares trade on the NYSE Arca, NYSE Euronext's fully electronic U.S. trading platform. The Shares may be bought and sold on the NYSE Arca like any other exchange-listed security and the listing provides institutional and retail investors with an efficient means to implement their investment strategies. Prior to the listing of the Shares on the NYSE Arca, the Shares were listed on the NYSE. The Shares are also listed on the Bolsa Mexicana de Valores, Singapore Stock Exchange, the Stock Exchange of Hong Kong and the Tokyo Stock Exchange. Such listings provide additional liquidity for the Shares.

While the Original Trust Indenture generally allowed for the listing of the Shares on other exchanges, the Sponsor believed it was prudent to amend the Original Trust Indenture to specifically provide for such ability. This change provides the Sponsor with the authority to address any unique registration or listing requirements related to such foreign exchanges and securities markets that may arise.

The amendment clarifies the right of the Sponsor (i) to register or qualify the Shares or to list the Shares on exchanges and securities markets and to maintain or discontinue any such registrations, qualifications or listings, in each case in such jurisdictions as the Sponsor may determine, and (ii) to take certain actions in connection therewith that are not otherwise provided for in the Original Trust Indenture.

The amendments to the Original Trust Indenture that relate to this amendment are principally set forth in Section 10.02 of the June 2014 Amendment attached as Appendix B to the Consent Solicitation Statement. The June 2014 Amendment also includes other related changes to the Original Trust Indenture as set out in Appendix B of the Consent Solicitation Statement.

The Sponsor's Interest in the Proposals

The Sponsor is soliciting your vote on the two proposals. Proposal 1 will change, among other things, the method of calculating the gross amount that the Sponsor earns.

Under the Original Trust Indenture, the Sponsor's fee currently is accrued daily at an annual rate equal to 0.15% of the ANAV of the Trust, subject to reduction as described above under "Fee Reduction Agreement."

For each day, the ANAV of the Trust is determined by subtracting from the value of the Trust's gold (determined using the afternoon London gold fix price as described in the Original Trust Indenture) the fees and expenses accrued through the prior day and the current day's accrual of the estimated expenses of the Trust which are not computed by reference to the value of the Trust or its assets (that is, expenses other than the fees of the Sponsor, the Trustee, the Marketing Agent and the Custodian). The ANAV of the Trust is then used to compute the current day's accrual of the fees of the Sponsor, the Trustee and the Marketing Agent. To determine the NAV of the Trust, the current day's accrual of the fees of the Sponsor, the Trustee, the Marketing Agent and the Custodian is subtracted from the ANAV of the Trust.

Under Proposal 1, the Sponsor's fee would accrue daily at an annual rate equal to 0.40% of the daily NAV, in exchange for the Sponsor assuming the responsibility to pay all other ordinary fees and expenses of the Trust. For each day, the daily NAV will be determined by subtracting from the value of the Trust's gold (determined using the afternoon London gold fix price as described in the proposed amendments to the Trust Indenture that are contained in Appendix A to the Consent Solicitation Statement) the fees and expenses of the Trust accrued through the prior day.

While the net amount of ordinary fees and expenses payable by the Trust under Proposal 1 will not increase, the net amount earned by the Sponsor could be greater or smaller than the fee of 0.15% of the daily ANAV of the Trust it currently earns, depending on the actual expenses of the Trust.

In addition, Proposal 2 will permit the Sponsor to engage and compensate affiliates for providing marketing and other services to the Trust.

How to Vote on the Proposals

Persons who own beneficial interests in the Shares as of the close of business on 9 June 2014 (the "**Record Date**"), may vote on the two proposals. On the Record Date, 262,700,000 Shares were issued and outstanding. Each Share is entitled to one vote on each proposal. Each proposal requires the consent of at least 51% of the Shares outstanding as of the Record Date.

If you are a Shareholder registered with the Central Clearing and Settlement System ("CCASS") and entitled to vote on the proposals, you will receive the Consent Solicitation Statement, which will be accompanied by a written consent form. You may vote by signing, dating and returning your written consent form in an enclosed, pre-addressed envelope. If you are permitted to vote by telephone or electronically over the Internet, you will receive instructions on how to do so. Please note that you will be subject to toll charges if you are calling from outside the US, Canada or Mexico.

If you hold your Shares through a broker, bank or other nominee, you are considered the beneficial owner of the Shares, and your broker is the holder of record registered with CCASS. You have the right to direct your broker as to how to vote your Shares. To do so, contact your broker, bank or other nominee. If you request a printed copy of the consent materials by mail, your broker, bank or other nominee will provide those materials to you.

The solicitation agent, Broadridge Financial Solutions, Inc., must receive a written consent form from your broker, bank or other nominee no later than 4:00 p.m., New York City time,

on 18 July 2014, unless the period for voting is extended by the Sponsor. There will be no meeting of Shareholders with regard to the two proposals.

Your latest vote is the one that counts. Therefore, you can revoke a prior vote on a proposal simply by voting again, at any time during the Voting Period (from 23 June 2014 to 4:00 p.m., New York City time, 18 July 2014), by any voting means that you are permitted to use.

The Sponsor will announce the results of the voting on the website of the Hong Kong Exchanges and Clearing Limited at www.hkexnews.hk, through the posting of a Form 8-K filing with the SEC and on the website of the Trust at <http://www.spdrgoldshares.com>².

When each proposal obtains the consent of 51% or more of the Shares outstanding as of the Record Date, Shareholders who voted against each proposal and no longer wish to participate in the Trust may sell their holding of the Shares on the relevant stock exchange.

Effective Date of the Proposed Changes to the Original Trust Indenture

If either or both of the proposals are adopted, the Sponsor and Trustee will execute an amendment to the Trust Indenture, incorporating the changes with respect to such proposal(s) adopted, as indicated in Appendix A to the Consent Solicitation Statement. Changes will also be required in the agreements with the various service providers to the Trust if Proposal 1 is adopted to reflect the change in payment procedure and any changes in payment terms. Such additional amendments do not require the consent of Shareholders pursuant to the provisions of the Original Trust Indenture.

To the extent Shareholder approval for both Proposal 1 and Proposal 2 is obtained, neither Proposal 1 nor Proposal 2 will be implemented until such time as reasonable procedures have been effected to prevent the Trust from having to pay more than 0.40% per year of the daily NAV of the Trust for the ordinary expenses of the Trust to be paid by the Sponsor in the event the Sponsor does not pay one or more of the Trust's service providers. In any event, all amendments to the Trust Indenture (including the two proposals) will be implemented no sooner than one month from the date of this notice. Shareholders will be notified of the implementation date by means of a posting on the website of the Hong Kong Stock Exchange.

The June 2014 Amendment was executed on 18 June 2014 and will become effective on 2 August 2014.

June 19, 2014

Dear Shareholder:

On behalf of World Gold Trust Services, LLC, Sponsor of the SPDR® Gold Trust (ticker symbol “GLD”), I would like to thank you for being a GLD® investor.

Nearly a decade has passed since we initially listed GLD on the New York Stock Exchange in November 2004. Throughout this period, GLD has offered millions of investors a convenient way to access the gold market. Today, it is the largest physical commodity-backed exchange traded fund (ETF) in the world and is traded internationally on the NYSE Arca, Singapore Stock Exchange, Tokyo Stock Exchange, The Stock Exchange of Hong Kong and the Mexican Stock Exchange (BMV).

I would like to call your attention to the two proposals we are putting forth in the attached **Consent Solicitation Statement**. We are extremely proud of the past success of GLD, and we look forward to improving the product for all current and future investors.

The following are highlights of the two proposals contained in the attached Consent Solicitation Statement:

- **Implementing a Unitary Fee Structure / Capping investor ordinary fees at 0.40% of the daily net asset value (NAV) each year** - Currently, the Trust, under certain circumstances, is permitted to charge investors an amount in excess of 0.40% of the daily NAV per year for the ordinary costs and expenses of the Trust. With the changes we are seeking, investors will have ongoing assurance that these fees will not exceed 0.40% of NAV per year; and
- **Permitting the Sponsor to compensate affiliates** – This proposal will authorize the Sponsor to compensate its affiliates for providing marketing and other services to the Trust without any additional cost to the Trust.

GLD shareholders will not pay any additional fees as a result of the proposed amendments. We hope you will share our view that these amendments both modernize and simplify SPDR® Gold Shares for the ultimate benefit of current and future shareholders. **The board of directors of World Gold Trust Services, LLC recommends that you vote *FOR* the two proposals.**

Questions and Answers About the Consent Solicitation

Q: What is the purpose of the Consent Solicitation?

A: This Consent Solicitation Statement is furnished to obtain the consent of the Shareholders to amend the Trust Indenture with respect to the following proposals:

- Proposal 1 will change the manner in which the ordinary fees and expenses of the Trust are paid to provide that, in return for the Trust's payment to the Sponsor of a fee of 0.40% per year of the daily net asset value, or daily NAV, of the Trust, as calculated for compensation purposes as described below, the Sponsor will be responsible for all other ordinary fees and expenses of the Trust; regardless of whether such fees and expenses exceed the Sponsor's fee of 0.40% per year of the daily NAV of the Trust; and
- Proposal 2 will permit the Sponsor to compensate affiliates for providing marketing and other services to the Trust.

If either or both of the proposals are adopted, the Sponsor and Trustee will, subject to the substantiation of certain conditions, amend the Trust Indenture to incorporate the proposal(s) adopted. The proposals and the ancillary changes to the provisions in the Trust Indenture are contained in Appendix A.

The Sponsor and the Trustee amended the Original Trust Indenture in the June 2014 Amendment to include additional amendments that clarify and supplement provisions of the Original Trust Indenture. The June 2014 Amendment did not require the consent of Shareholders pursuant to the provisions of the Original Trust Indenture. A copy of the June 2014 Amendment is attached hereto as Appendix B. This Consent Solicitation Statement is deemed to include the requisite notice to Shareholders of the June 2014 Amendment. A discussion of the principal amendments to the Original Trust Indenture that are contained in the June 2014 Amendment can be found beginning on page 8 of this Consent Solicitation Statement.

The Trust was the first publicly traded investment trust in the United States that was designed to track the price of a commodity. Since the formation of the Trust, a number of similar trusts designed to track the price of a commodity have been formed and the procedures and standards associated with these trusts have evolved. Proposal 1 and the recently adopted amendments in the June 2014 Amendment are collectively intended to update certain provisions of the Original Trust Indenture to align them with the provisions contained in the trust agreements of similar exchange traded products that were launched subsequent to the initial public offering of the Trust and to clarify provisions in the Original Trust Indenture so that they will be consistent with industry practice that has developed over the last nine years. Proposal 2 is intended to permit the Sponsor to more effectively use affiliates to provide marketing and other services to the Trust. The Sponsor believes that having the ability to utilize the expertise of the World Gold Council, the Sponsor's ultimate parent company, and its affiliates, when and if needed, will be beneficial for the Trust and its Shareholders. The Sponsor will be responsible for any payments made to affiliates for providing any services to the Trust.

Q: Who is making this solicitation?

A: The Sponsor is soliciting your vote on two proposals.

Q: How does the Sponsor recommend I vote on the two proposals?

A: The Sponsor recommends that you vote "FOR" both of the proposals. A vote for a proposal means that you consent to the proposal.

Q: Does the Sponsor have an interest in the two proposals?

A: Yes. Proposal 1 will change, among other things, the method of calculating the gross amount that the Sponsor earns.

Under the Trust Indenture, the Sponsor's fee currently is accrued daily at an annual rate equal to 0.15% of the adjusted net asset value, or ANAV, of the Trust, subject to reduction as described below in "Background – Fees and Expenses of the Trust – Fee Reduction Agreement."

For each day, the ANAV of the Trust is determined by subtracting from the value of the Trust's gold (determined using the afternoon London gold fix price as described in the Original Trust Indenture) the fees and expenses accrued through the prior day and the current day's accrual of the estimated expenses of the Trust which are not computed by reference to the value of the Trust or its assets (that is, expenses other than the fees of the Sponsor, the Trustee, State Street Global Markets, LLC, the marketing agent for the Shares of the Trust, or the Marketing Agent, and HSBC Bank USA, N.A., the custodian of the Trust, or the Custodian). The ANAV of the Trust is then used to compute the current day's accrual of the fees of the Sponsor, the Trustee and the Marketing Agent. To determine the net asset value of the Trust, or NAV of the Trust, the current day's accrual of the fees of the Sponsor, the Trustee, the Marketing Agent and the Custodian is subtracted from the ANAV of the Trust.

Under Proposal 1, the Sponsor's fee would accrue daily at an annual rate equal to 0.40% of the daily NAV, in exchange for the Sponsor assuming the responsibility to pay all other ordinary fees and expenses of the Trust. For each day, the daily NAV will be determined by subtracting from the value of the Trust's gold (determined using the afternoon London gold fix price as described in Appendix A to this Consent Solicitation Statement) the fees and expenses of the Trust accrued through the prior day.

While the net amount of fees and expenses payable by the Trust under Proposal 1 will not increase, the net amount earned by the Sponsor could be greater or smaller than the fee of 0.15% of the daily ANAV of the Trust it currently earns, depending on the actual expenses of the Trust.

In addition, Proposal 2 will permit the Sponsor to engage and compensate affiliates for providing marketing and other services to the Trust.

Q: Who is entitled to vote on the two proposals?

A: Shareholders as of the close of business on June 9, 2014, or the Record Date, may vote on the Proposals. On the Record Date, 262,700,000 Shares were issued and outstanding. Each Share is entitled to one vote on each Proposal.

Q: How many votes does each proposal require?

A: Each proposal requires the consent of at least 51% of the Shares outstanding as of the Record Date.

Q: Will there be a shareholders' meeting with regard to the two proposals?

A: There will be no meeting of shareholders with regard to the two proposals.

Q: When is the deadline to vote?

A: Broadridge Financial Solutions, Inc. must receive your vote no later than 4:00 p.m., New York City time, on July 18, 2014, subject to early termination of this Consent Solicitation, including if the consent of the Shareholders holding 51% of the Trust's outstanding Shares has been received, or the extension of the Expiration Date at the discretion of the Sponsor.

Q: How can I vote my Shares?

A: You should have received instructions on how to vote from your broker, bank or other nominee. Please follow their instructions carefully.

You may generally vote by one of the following methods:

- By Mail. If you requested printed copies of the consent materials to be mailed to you, you may vote by signing, dating and returning your Written Consent in the enclosed pre-addressed envelope; or
- By Methods Listed on the Written Consent. Please refer to your Written Consent or other information provided by your bank, broker, nominee or other shareholder of record to determine whether you may vote by telephone or electronically on the Internet, and follow the instructions on the Written Consent or other information provided to the shareholders of record.

Individual certificates have not been issued for the Shares. Instead, global certificates have been deposited by the Trustee with the Depository Trust Company, or DTC, and registered in the name of Cede & Co., as nominee for DTC. The global certificates evidence all of the Shares outstanding at any time.

Under the Trust Indenture, only the following persons may be record holders of Shares: (i) DTC participants, or DTC Participants; (ii) those who maintain, either directly or indirectly, a custodial relationship with a DTC Participant, or Indirect Participants; and (iii) those brokers, banks and other nominees who hold interests in the Shares through DTC Participants or Indirect Participants.

If you hold your Shares through a broker, bank or other nominee, you are considered the beneficial owner of the Shares, and your broker is the holder of record. You have the right to direct your broker as to how to vote your Shares. If you request a printed copy of the consent materials by mail, your broker will provide a Written Consent for you to use.

Q: What are broker non-votes?

A: Broker non-votes are shares held by brokers, banks and other nominees that do not have discretionary authority to vote on the matter and have not received voting instructions from their clients. If your broker holds your Shares in its name and you do not instruct your broker how to vote, your Shares will not be voted on the proposals. **A broker non-vote, or an abstention, will have the same effect as a vote against a proposal.**

Q: Why didn't I receive a notice in the mail about the Internet availability of the Consent Solicitation Statement?

A: We are providing some of our Shareholders, including some of our Shareholders who are living outside of the United States, with paper copies of the Consent Solicitation Statement and Written Consent instead of a Notice about the Internet availability of such documents. In addition, we are providing notice of the availability of the Consent Solicitation Statement by e-mail to those Shareholders who have previously elected delivery of proxy materials electronically. Those Shareholders should have received an e-mail containing a link to the website where those materials are available and a link to the voting website for the Proposal.

Q: How can I access the Consent Solicitation Statement electronically?

You can view this Consent Solicitation Statement on the Internet at <http://www.spdrgoldshares.com/>

Q: Can I change my vote?

A: Your latest vote on a proposal is the one that counts. Therefore, you can revoke a prior vote simply by voting again, at any time during the Voting Period, over the Internet, with your Written Consent, or by toll-free telephone call.

Q: Whom should I contact if I have more questions?

A: Please call our solicitation agent, Broadridge Financial Solutions, Inc., toll-free at 855-601-2254.

Overview of the Proposals

This Consent Solicitation Statement is furnished to obtain the consent of the Shareholders to amend the Trust Indenture with respect to the following two proposals.

- Proposal 1 will change the manner in which the ordinary fees and expenses of the Trust are paid to provide that, in return for the Trust's payment to the Sponsor of a fee of 0.40% per year of the daily NAV of the Trust, the Sponsor will be responsible for all other ordinary fees and expenses of the Trust; regardless of whether such fees and expenses exceed the Sponsor's fee of 0.40% per year of the daily NAV of the Trust.
- Proposal 2 will permit the Sponsor to compensate affiliates for providing marketing and other services to the Trust.

If either or both of the proposals are adopted, the Sponsor and Trustee will execute an amendment to the Trust Indenture, incorporating the changes with respect to such proposal(s) adopted, as indicated in Appendix A. Changes will also be required in the agreements with the various service providers to the Trust if Proposal 1 is adopted to reflect the change in payment procedure and any changes in payment terms.

To the extent Shareholder approval for Proposal 1 is obtained, it and Proposal 2 will not be implemented until such time as reasonable procedures have been effected to prevent the Trust from having to pay more than 0.40% per year of the daily NAV of the Trust for the ordinary expenses of the Trust to be paid by the Sponsor in the event the Sponsor does not pay one or more of the Trust's service providers.

Background

The Trust is an investment trust, formed on November 12, 2004 under New York law pursuant to the Original Trust Indenture. World Gold Trust Services, LLC is the Sponsor. The Bank of New York Mellon is the Trustee. State Street Global Markets, LLC is the Marketing Agent. HSBC Bank USA, N.A. is the Custodian. The Trust holds gold and from time to time issues Shares, in baskets, in exchange for deposits of gold and distributes gold in connection with redemptions of baskets. A basket equals a block of 100,000 Shares. Authorized Participants, or Authorized Participants, are the only persons permitted to create or redeem baskets of Shares. The investment objective of the Trust is for the Shares to reflect the performance of the price of gold bullion, less the Trust's expenses. The Trust is not actively managed.

The Trust was the first publicly traded investment trust in the United States that was designed to track the price of a commodity. Since the formation of the Trust, a number of similar trusts designed to track the price of a commodity have been formed and the procedures and standards associated with these trusts have evolved. Proposal 1, along with certain other amendments incorporated into the June 2014 Amendment, are intended, among other things, to update certain of the provisions of the Original Trust Indenture to align them with the provisions contained in the trust agreements of similar exchange traded products that were launched subsequent to the Trust and to clarify provisions in the Original Trust Indenture so that they will be consistent with industry practice that has evolved subsequent to the initial public offering of the Trust.

Proposal 1

The Trust's estimated ordinary operating expenses accrue daily and are currently reflected in the NAV of the Trust. The ordinary operating expenses of the Trust include: (i) fees paid to the Sponsor, (ii) fees paid to the Trustee, (iii) fees paid to the Custodian, (iv) fees paid to the Marketing Agent and other marketing costs and (v) various Trust administration fees, including printing and mailing costs, legal and audit fees, registration fees and listing fees. The fees of the Sponsor, Trustee, Custodian and Marketing Agent and the administration fees of the Trust are accrued and paid by the Trust. The Trustee sells gold held by the Trust on an as-needed basis to pay the Trust's expenses.

Proposal 1 provides that, in return for a payment by the Trust to the Sponsor that will not exceed 0.40% per year of the daily NAV of the Trust, the Sponsor will become responsible for all the ordinary expenses of the Trust. Such fee will not increase if the ordinary expenses of the Trust exceed 0.40% per year of the daily NAV of the Trust even if the fee reduction agreement, discussed below, currently in place between the Sponsor and the Marketing Agent ends.

At present, the Trustee pays the following ordinary operating expenses of the Trust from the assets of the Trust:

Sponsor. The Sponsor currently receives a fee payable monthly in arrears that is accrued daily at an annual rate equal to 0.15% of the ANAV of the Trust and is subject to reduction as described below. The Trust also reimburses the Sponsor for certain disbursements and expenses incurred in connection with the Trust.

Trustee. The Trustee's fee is payable monthly in arrears and is accrued daily at an annual rate of 0.02% of the ANAV of the Trust, subject to a minimum fee of \$500,000 and a maximum fee of \$2 million annually as compensation for services performed under the Original Trust Indenture. The Trustee's fees for fiscal 2013 were \$2 million. The Trust also reimburses the Trustee for certain expenses and disbursements and for any extraordinary services.

Custodian. Fees are paid to the Custodian as compensation for its custody services in connection with the accounts maintained by the Trust with the Custodian. The Custodian's fee is computed at an annual rate equal to 0.10% of the average daily aggregate value of the first 4.5 million ounces of gold held in the Trust's accounts and 0.06% of the average daily aggregate value of all gold held in the Trust's accounts in excess of 4.5 million ounces. The Custodian's fees for fiscal 2013 were approximately 0.066% of the average daily aggregate value of the gold held in the Trust's accounts.

Marketing Agent. The Marketing Agent's fee is payable monthly in arrears and is accrued daily at an annual rate equal to 0.15% of the ANAV of the Trust and is subject to reduction as described below. The Trust also reimburses the Marketing Agent for certain marketing costs.

Administration Fees. The administration fees of the Trust total approximately 0.03% to 0.04% of the ANAV of the Trust based on an annual rate that accrues daily. These fees include: (i) SEC registration fees and other regulatory fees; (ii) audit and quarterly review fees; (iii) legal fees; (iv) internal and external auditor fees in respect of Sarbanes-Oxley compliance; (v) printing fees; and (vi) certain marketing and other costs.

Fee Reduction Agreement. Under the marketing agent agreement, dated as of November 16, 2004, between the Sponsor and the Marketing Agent, or the Marketing Agent Agreement, and Section 10.06 of the Trust Indenture, the fees of the Sponsor and the Marketing Agent are subject to reduction while the Marketing Agent Agreement is in effect.

The reduction applies whenever at the end of a particular month, the estimated ordinary expenses of the Trust for such month (including the Marketing Agent's fees and the Sponsor's fees for such month) exceed 0.40% per year of the daily ANAV of the Trust for such month. If the reduction applies, the fees payable to the Sponsor and the Marketing Agent for such month are reduced by the amount of such excess in equal shares up to the full amount of their fees, thus maintaining the ordinary expenses of the Trust at 0.40% per year of the daily ANAV of the Trust. However, in the event that the ordinary expenses of the Trust exceeded 0.70% per year of the daily ANAV of the Trust for a particular month, the Trust would bear the excess of such expenses over 0.70% per year of the daily ANAV of the Trust for that month, notwithstanding that the fees of the Sponsor and the Marketing Agent would be reduced to zero for that month. This agreement is referred to as the Fee Reduction Agreement.

Currently, the Fee Reduction Agreement ends when the Marketing Agent Agreement is no longer in effect. If the Marketing Agent Agreement is not renewed or is otherwise terminated, there is no assurance that any

service provider of the Trust would agree to a similar or other fee reduction arrangement in the future or that the Sponsor would do so unilaterally. After the Marketing Agent Agreement is no longer in effect, the estimated ordinary expenses payable by the Trust each month may be more than they would have been had the Fee Reduction Agreement continued to be in place. This would reduce the NAV of the Trust more rapidly than if the Fee Reduction Agreement were in effect, adversely affecting the value of the Shares.

If Proposal 1 is adopted, the Sponsor will receive an annual fee equal to 0.40% of the daily NAV of the Trust and in return the Sponsor will be responsible for the payment of the ordinary fees and expenses of the Trust, including the Trustee's fee, the Custodian's fee, the Marketing Agent's fee and the administration fees of the Trust, regardless of whether the ordinary expenses of the Trust exceed 0.40% of the daily NAV of the Trust. If Proposal 1 is adopted, the Fee Reduction Agreement will be terminated as unnecessary simultaneously with the amendment of the Marketing Agent Agreement to reflect the change in the method of payment of the Marketing Agent. The fee that the Sponsor will receive and the ordinary expenses of the Trust for which the Sponsor will be responsible are described below in "Proposal 1 – The Fees and Expenses of the Trust."

If Proposal 1 is adopted, the Sponsor's assumption of the ordinary fees and expenses of the Trust will provide Shareholders with on-going assurance that the ordinary fees and expenses for which the Trust is responsible will not increase over time. Under the current expense structure of the Trust, the Trust could be responsible for ordinary expenses of the Trust in excess of 0.40% of the daily NAV of the Trust if the Fee Reduction Agreement ceased to be in effect due to the termination of the Marketing Agent Agreement or, for the period that the Fee Reduction Agreement is in effect, if, as discussed above, the ordinary expenses of the Trust exceeded 0.70% of the daily ANAV of the Trust for a particular month.

Proposal 2

Proposal 2 would permit the Sponsor to more effectively use affiliates to provide marketing and other services to the Trust. The Trust Indenture currently does not permit the Sponsor to pay its affiliates for any services rendered on behalf of the Trust, except from the Sponsor's current fee of 0.15% of the daily ANAV of the Trust. The Sponsor believes that it will be in the best interests of the Trust if the Sponsor were permitted to engage and pay certain of its affiliates, for example, those that have expertise with respect to gold as an asset class, including the marketing of gold as an asset class. The Sponsor believes that having the ability to utilize the expertise of the World Gold Council, the Sponsor's ultimate parent company, and its affiliates more effectively, when and if needed, will be beneficial for the Trust and its Shareholders. The Sponsor will be responsible for any payments made to affiliates for providing any services to the Trust.

Potential Disadvantages of the Two Proposals

There can be no assurance the two proposals, if adopted, will in fact have the effects discussed above. While the Sponsor believes that it will be better able to administer and control the costs of the Trust if the two proposals are adopted, the proposals could cause the Sponsor to reduce its costs at the expense of the level of services provided the Trust.

Effect of Non-Adoption of Proposals 1 and 2

If one or both of Proposals 1 and 2 are not adopted, the Trust will continue to operate in the same manner as it has operated with respect to the subject matter of the proposal(s) not adopted.

Additional Amendments to the Original Trust Indenture

The June 2014 Amendment includes amendments that clarify and supplement provisions of the Original Trust Indenture. The amendments incorporated in the June 2014 Amendment are:

Creation and Redemption of Shares. This amendment clarifies the methodology utilized by the Trustee to value the gold held by the Trust and the net asset value per Share, or NAV per Share, of the Trust on each business day. While the Trustee has utilized this methodology since the formation of the Trust, which methodology is the customary practice employed by similar investment trusts, the language of the Original Trust Indenture was general and did not specifically identify the methodology utilized by the Trustee. This amendment provides additional clarity and certainty to the Original Trust Indenture. The amendment provides that:

- in connection with the Trustee's valuation of the gold held by the Trust on each business day, gold deliverable to the Trust by an Authorized Participant in connection with the Authorized Participant's order to create new baskets of Shares will be considered held by the Trust for purposes of such valuation beginning on the first business day following the date of the order and gold deliverable from the Trust to an Authorized Participant in connection with the Authorized Participant's order to redeem baskets of Shares will not be considered held by the Trust for purposes of such valuation beginning on the first business day following the date of the order; and
- in connection with the Trustee's determination of the NAV per Share of the Trust on each business day, (1) Shares deliverable to an Authorized Participant from the Trust in connection with the Authorized Participant's order to create new baskets of Shares will be considered outstanding beginning on the first business day following the date of the order and (2) Shares deliverable by an Authorized Participant to the Trust in connection with the Authorized Participant's order to redeem baskets of Shares will not be considered outstanding beginning on the first business day following the date of the order.

When calculating the NAV per Share of the Trust, fractions smaller than \$0.01 will be disregarded. These amendments align the Original Trust Indenture with customary practice among investment trusts that are comparable to the Trust and with the current practices of the Trustee.

The relevant amendments to the Original Trust Indenture are set forth in Sections 4.01 and 5.01 of the June 2014 Amendment attached as Appendix B to this Consent Solicitation Statement.

Creation and Issuance of Creation Baskets. This amendment clarifies the procedures utilized by the Trustee in the creation and issuance of additional baskets of Shares (a basket of Shares equals a block of 100,000 Shares). The amendment provides that the creation of baskets of Shares may only be made after the requisite gold is deposited in the allocated account of the Trust that has been established with the Custodian, or the Trust Allocated Account.

The creation and redemption of baskets of Shares requires the delivery to the Trust or the distribution by the Trust of the amount of gold and any cash represented by the baskets of Shares being created or redeemed, the amount of which is based on the combined NAV of the number of Shares included in the baskets of Shares being created or redeemed. Baskets of Shares may be created or redeemed only by Authorized Participants. Prior to the June 2014 Amendment, after accepting an Authorized Participant's purchase order for the creation of a basket of Shares, the Trustee could issue and deliver baskets of Shares at or shortly after 9:00 a.m. New York time on the third business day after the purchase order date, but only if by such time the Trustee has received, among other things, a notice from the Custodian that the Custodian has received the requisite gold bullion for the account of the Trust to the credit of the unallocated account established by the Trust with the Custodian, or the Trust Unallocated Account, from an unallocated account established by an Authorized Participant with the Custodian. During those periods when gold is held in the Trust Unallocated Account, the Trust has no proprietary rights to any specific bars of gold held by the Custodian and would be an unsecured creditor of the Custodian with respect to the amount of gold held in such unallocated account. In the event the Custodian becomes insolvent, the Custodian's assets might not be adequate to satisfy a claim by the Trust for the amount of gold held in the Trust Unallocated Account.

While it has been the practice of the Trustee to only issue baskets of Shares against the delivery of the requisite gold into the Trust Allocated Account, the amendment clarifies that creations may only be made after the required gold deposit has been allocated to the Trust Allocated Account from the Trust Unallocated Account.

This amendment provides additional security for Shareholders by eliminating potential risks related to issuing baskets of Shares against unallocated gold if the Custodian was to become insolvent or if the unallocated gold was otherwise not allocated for some other unforeseen reason. The relevant amendment to the Original Trust Indenture is principally set forth in Section 2.03 of the June 2014 Amendment attached as Appendix B to this Consent Solicitation Statement.

Record Date. This amendment defines the record date for all matters requiring a record date. The Original Trust Indenture specified the record date for cash distributions only. This amendment provides additional clarity and certainty to the Original Trust Indenture.

The relevant amendments to the Original Trust Indenture are principally set forth in Section 3.12 of the June 2014 Amendment attached as Appendix B to this Consent Solicitation Statement.

Removal of a Custodian. The amendment made explicit that the Sponsor may direct the Trustee to remove a Custodian. Currently, the Sponsor may direct the Trustee to employ one or more other custodians in addition to or in replacement of the Custodian or any successor custodian or additional custodian for the safekeeping of gold and services in connection with its deposit and delivery, provided that the Sponsor may not direct the employment of a successor custodian or an additional custodian without the Trustee's consent, if such employment would have a materially adverse effect on the Trustee's performance of its duties hereunder. The Trustee may also, with the prior approval of the Sponsor, employ one or more other successor custodians or additional custodians selected by the Trustee for the safekeeping of gold and services in connection with its deposit and delivery.

The Trustee is responsible for monitoring the performance of each Custodian and for taking such actions to enforce the obligations of each Custodian as are necessary to protect the Trust and the rights and interests of its Shareholders. In the event that the Trustee determines that maintenance of gold with a Custodian is not in the best interest of the Shareholders, the Trustee shall so advise the Sponsor and thereafter take such reasonable action as the Sponsor shall direct, or if the Sponsor has not given direction within one business day, shall initiate action to remove the gold from the custody of the Custodian or take such other action as the Trustee determines appropriate to safeguard the interests of Shareholders.

This amendment provides additional clarity and certainty to the Original Trust Indenture. The relevant amendments to the Original Trust Indenture are set forth in Section 3.02(b) of the June 2014 Amendment attached as Appendix B to this Consent Solicitation Statement.

Sponsor Fee Waiver. This amendment makes it explicit that the Sponsor has the right to waive part or all of its fee. This amendment provides flexibility and certainty so that the Sponsor may, at its election, provide a benefit to the Shareholders.

The relevant amendments to the Original Trust Indenture are principally set forth in Section 7.04 of the June 2014 Amendment attached as Appendix B to this Consent Solicitation Statement.

Stock Exchange Listings. The Shares trade on the NYSE Arca, NYSE Euronext's fully electronic U.S. trading platform. The Shares may be bought and sold on the NYSE Arca like any other exchange-listed security and the listing provides institutional and retail investors with an efficient means to implement their investment strategies. Prior to the listing of the Shares on the NYSE Arca, the Shares were listed on the NYSE. The Shares are also listed on the Bolsa Mexicana de Valores, Singapore Stock Exchange, the Stock Exchange of Hong Kong and the Tokyo Stock Exchange. Such listings provide additional liquidity for the Shares.

While the Original Trust Indenture generally allowed for the listing of the Shares on other exchanges, the Sponsor believed it was prudent to amend the Original Trust Indenture to specifically provide for such ability. This change provides the Sponsor with the authority to address any unique registration or listing requirements related to such foreign exchanges and securities markets that may arise.

The amendment clarifies the right of the Sponsor (i) to register or qualify the Shares or to list the Shares on exchanges and securities markets and to maintain or discontinue any such registrations, qualifications or listings, in each case in such jurisdictions as the Sponsor may determine and (ii) to take certain actions in connection therewith that are not otherwise provided for in the Original Trust Indenture.

The relevant amendments to the Original Trust Indenture principally are set forth in Section 10.02 of the June 2014 Amendment attached as Appendix B to this Consent Solicitation Statement.

The description in this Consent Solicitation Statement of the two proposals and the recent amendments to the Original Trust Indenture is qualified by reference to the proposed amendments contained in Appendix A hereto and the June 2014 Amendment attached hereto as Appendix B. Shareholders should read Appendix A carefully before voting on the two proposals.

Proposal 1

Fees and Expenses of the Trust

If approved, Proposal 1 would change the manner in which the ordinary fees and expenses of the Trust are paid so that the Trust's only ordinary recurring expense would be a set fee payable to the Sponsor. In exchange for the Sponsor's fee, which would be accrued daily at an annualized rate equal to 0.40% of the daily NAV of the Trust and be paid monthly in arrears, the Sponsor would assume the following fees and expenses:

- Fees for the Trustee's ordinary services and the reimbursement of its customary and ordinary out-of-pocket expenses;
- Subject to the prior written approval of the Sponsor, compensation paid to agents employed by the Trustee;
- Fees, expenses and other charges of the Custodian payable by the Sponsor under the Allocated Bullion Account Agreement and the Unallocated Bullion Account Agreement, each dated June 1, 2011 and between the Trustee and the Custodian, or the Allocated Bullion Account Agreement and the Unallocated Bullion Account Agreement, as amended, and, subject to the prior written approval of the Sponsor, (i) other fees, expenses and charges for the custody, deposit or delivery of gold and the services related to the custody and safekeeping of gold and (ii) fees, expenses and charges charged by any other custodian pursuant to a custody agreement;
- Expenses incurred in contacting Shareholders, up to an aggregate amount for any fiscal year of \$500,000;
- Audit and accounting fees and expenses of the Trust;
- Legal fees and expenses (including the costs of any litigation) of the Sponsor, the Trust, the Trustee and the Custodian, up to an aggregate amount for any fiscal year of \$500,000;
- Fees paid to DTC for custody of Shares;
- Federal and state annual fees in keeping the registration of Shares on a current basis for the issuance of baskets of Shares in exchange for deposits of gold and related fees and expenses, including fees and expenses related to the registration, qualification, maintenance or discontinuance of the Shares for offering and sale, the listing, maintenance or discontinuance of the Shares on securities exchanges or securities markets and the preparation and filing of the Trust's periodic and other reports or documents required under federal, state or foreign securities or other laws;

- Expenses relating to the printing and distribution of marketing materials describing the Trust and Shares (including associated legal, consulting, advertising and marketing costs and other out-of-pocket expenses);
- Fees of the Marketing Agent and the out-of-pocket expenses of the Marketing Agent in the manner agreed to by the Sponsor and the Marketing Agent;
- Expenses related to the maintenance of a website for the Trust, including licensing costs, and the marketing of the Shares by the Sponsor; and
- Any other expenses expressly payable by the Sponsor under the Trust Indenture.

During the fiscal year ended September 30, 2013, the aggregate amount of these fees and expenses were approximately \$229.7 million, or approximately 0.40% of the ANAV of the Trust. Had Proposal 1 been in effect during the fiscal year ended September 30, 2013, the total fees and expenses of the Trust would not have materially changed.

The remaining non-recurring and other charges would continue to be accrued and paid by the Trust. These expenses include:

- Expenses and other charges of the Custodian payable by the Trustee on behalf of the Trust under the Allocated Bullion Account Agreement and the Unallocated Bullion Account Agreement (including (i) any relevant taxes, duties and governmental charges and (ii), as discussed below, the obligation to indemnify the initial custodian) and, subject to the prior written approval of the Sponsor, (i) other expenses and charges for the custody, deposit or delivery of gold and services related to the custody and safekeeping of gold and (ii) expenses and charges charged by any other custodian pursuant to a custody agreement;
- The expenses of the Trustee, other than customary and ordinary out-of-pocket expenses and fees of agents for performing services the Trustee is required to perform under the Trust Indenture;
- Fees of the Trustee for extraordinary services performed under the Trust Indenture;
- Taxes and various other governmental charges;
- Any taxes, fees and charges payable by the Trustee with respect to creation or redemption of baskets of Shares;
- Any taxes or other governmental charges imposed on the Sponsor in respect of the Trust, its assets, including gold, or the Shares;
- Expenses and costs of any action taken by the Trustee or the Sponsor to protect the Trust and the rights and interests of Shareholders;
- Indemnification of the Trustee or the Sponsor as provided in the Trust Indenture;
- Expenses incurred in contacting Shareholders in excess of \$500,000;
- Indemnification of the Custodian as provided in the Allocated Bullion Account Agreement and the Unallocated Bullion Account Agreement;
- Reimbursement of Authorized Participants under the Participant Agreements among the Authorized Participants, the Trustee and the Sponsor, to the extent provided therein, for amounts payable by the Sponsor pursuant to Section 10 of such Participant Agreements to the extent the Sponsor has not paid such amounts when due under such Section 10;
- Reimbursement of the Marketing Agent under the November 16, 2004 Reimbursement Agreement between the Trustee and the Marketing Agent for any and all amounts payable by the Sponsor pursuant to Section 7 of the Marketing Agent Agreement, to the extent the Sponsor has not directly paid such amounts when due, as provided therein;

- The amount of any legal fees and expenses (including the costs of any litigation) of the Sponsor, the Trust, the Trustee and the Custodian in excess of an aggregate amount for any fiscal year of \$500,000; and
- All other expenses of the Trust not assumed by the Sponsor as described above, including all such other expenses identified as chargeable to the Trust under the Trust Indenture.

The amendments to the Trust Indenture that relate to this Proposal 1 principally are set forth in Sections 3.05(a) and (b) of the proposed amendments that are contained in Appendix A to this Consent Solicitation Statement.

To the extent Shareholder approval for Proposal 1 is obtained, Proposal 1 will not be implemented until such time as reasonable procedures have been effected to prevent the Trust from having to pay more per year than 0.40% of the daily NAV of the Trust for the ordinary expenses of the Trust to be paid by the Sponsor in the event the Sponsor does not pay one or more of the Trust's service providers.

The Sponsor believes that by changing the manner in which the ordinary fees and expenses of the Trust are paid so that the Trust's only ordinary recurring expense would be the Sponsor's fee, the accounting for the Trust's fees and expenses will be simpler and more efficient and the Sponsor will be able to provide greater oversight over the Trust's service providers. The Sponsor believes that it will be better able to control the Trust's costs if Proposal 1 is adopted. The Sponsor also believes that the proposed fee arrangement is customary among investment trusts that are comparable to the Trust.

The Sponsor has an interest in Proposal 1, since Proposal 1 will change, among other things, the method of calculating the gross amount that the Sponsor earns from 0.15% of the daily ANAV to 0.40% of the daily NAV of the Trust, in exchange for the Sponsor assuming the responsibility to pay all other ordinary fees and expenses of the Trust. As set out above, had Proposal 1 been in effect during the fiscal year ended September 30, 2013, the total fees and expenses of the Trust would not have been materially different. If Proposal 1 is approved, the Sponsor may earn a greater fee than would have been the case absent Proposal 1, if the portion of the expenses of the Trust that are payable by the Sponsor as a result of Proposal 1 are less than the difference between the 0.40% of the daily NAV of the Trust payable to the Sponsor under Proposal 1 and the 0.15% of the daily ANAV of the Trust currently payable to the Sponsor, including as a result of the Sponsor's ability to decrease the ordinary expenses of the Trust after the implementation of the Proposal.

THE SPONSOR AND ITS BOARD OF DIRECTORS RECOMMEND THAT YOU VOTE IN FAVOR OF PROPOSAL 1.

Proposal 2

Affiliate Marketing and Other Services

Proposal 2 would permit the Sponsor to more effectively use affiliates to provide marketing and other services to the Trust. The Trust Indenture currently does not permit the Sponsor to reimburse its affiliates for any services rendered on behalf of the Trust, except from the Sponsor's current fee of 0.15% of the daily ANAV of the Trust. The Sponsor believes that it will be in the best interests of the Trust if it were permitted to engage and pay certain of its affiliates, for example those that have expertise with respect to gold as an asset class. The Sponsor believes that having the ability to utilize the expertise of the World Gold Council and its affiliates more effectively, when and if needed, will be beneficial for the Trust and its Shareholders. The Sponsor will be responsible for any payments made to affiliates for providing any services to the Trust.

The amendments to the Trust Indenture that relate to this Proposal 2 principally are set forth in Section 3.08(c) of the proposed amendments that are contained in Appendix A to this Consent Solicitation Statement.

To the extent Shareholder approval for Proposal 1 is obtained, neither Proposal 1 nor Proposal 2 will be implemented until such time as reasonable procedures have been effected to prevent the Trust from having to pay more per year than 0.40% of the daily NAV of the Trust for the ordinary expenses of the Trust to be paid by the Sponsor in the event the Sponsor does not pay one or more of the Trust's service providers.

THE SPONSOR AND ITS BOARD OF DIRECTORS RECOMMEND THAT YOU VOTE IN FAVOR OF PROPOSAL 2.

of the SPDR® Gold Trust

[Deletions Indicated by Strikeout and Additions Indicated by Underlining]

TEXT OF PROPOSED AMENDMENTS
TO
TRUST INDENTURE OF SPDR® GOLD TRUST

Following are proposed amendments (the “Proposed Amendments”) to the Trust Indenture (“Trust Indenture”) of SPDR® Gold Trust (the “Trust”), dated as of November 12, 2004, between World Gold Trust Services, LLC, as the sponsor of the Trust (the “Sponsor”), and The Bank of New York Mellon, as the trustee of the Trust (the “Trustee”), as previously amended. The Proposed Amendments are described in the accompanying Consent Solicitation Statement to which the Proposed Amendments are attached.

To the extent that the consent of beneficial owners of SPDR® Gold Shares (the “Shareholders”) holding at least 51% of the SPDR® Gold Shares outstanding as of the applicable record date to the Proposed Amendments is obtained, the Proposed Amendments will not be implemented until such time as reasonable procedures have been effected to prevent the Trust from having to pay more per year than 0.40% of the daily net asset value of the Trust for the ordinary expenses of the Trust to be paid by the Sponsor in the event the Sponsor does not pay one or more of the Trust’s service providers. At such time as the Sponsor and the Trustee are ready to implement the Proposed Amendments, the Proposed Amendments will be incorporated into an Amendment No. 5 to the Trust Indenture which will be executed by the Sponsor and the Trustee and made effective on a day to be selected by them. Assuming Amendment No. 5 to the Trust Indenture includes no other amendments other than the Proposed Amendments as approved by the Shareholders, no separate notification of the execution or effectiveness of Amendment No. 5 to the Trust Indenture will be sent to the Shareholders.

The Sponsor is under no obligation to waive its fees hereunder, and any such waiver shall create no obligation to waive fees during any period not covered by the applicable waiver.
