WORLD GOLD TRUST

Notes to the Unaudited Financial Statements

1. Organization

The World Gold Trust (the “Trust”) was organized as a Delaware statutory trust on August 27, 2014 and is governed by the Fourth Amended and Restated Agreement and Declaration of Trust (“Declaration of Trust”), dated as of April 16, 2018 and amended on February 6, 2020, between WGC USA Asset Management Company, LLC (the “Sponsor”) and the Delaware Trust Company (the “Trustee”). The Trust is authorized to issue an unlimited number of shares of beneficial interest. The beneficial interest in the Trust may be divided into one or more series. The Trust has established six separate series, one of which is operational as of March 31, 2023.

The accompanying financial statements relate to the Trust and its one operational series, SPDR® Gold MiniShares® Trust (“GLDM”). The shares of GLDM (the “Shares”) began publicly trading on June 26, 2018 on the NYSE Arca, Inc. (the “NYSE Arca”). The Shares are also listed on the Mexican Stock Exchange (Bolsa Mexicana de Valores). The fiscal year-end of GLDM is September 30th.

The investment objective of GLDM is for its Shares to reflect the performance of the price of gold, less its expenses. GLDM’s only ordinary recurring expense is the Sponsor’s annual fee of 0.10% of its net asset value (“NAV”). The Sponsor believes that, for many investors, the Shares represent a cost-effective investment in gold.

BNY Mellon Asset Servicing, a division of The Bank of New York Mellon, (“BNYM” or the “Administrator”), is the administrator and transfer agent. BNYM also serves as the custodian of GLDM’s cash, if any. ICBC Standard Bank Plc (the “Custodian”) is responsible for custody of GLDM’s gold. State Street Global Advisors Funds Distributors, LLC is the marketing agent (the “Marketing Agent”).

The Trust had no operations with respect to GLDM’s Shares prior to June 26, 2018, other than matters relating to its organization and the registration of the offer and sale of GLDM’s Shares under the Securities Act of 1933, as amended.

The Statements of Financial Condition and Schedules of Investment at March 31, 2023, and the Statements of Operations, Changes in Net Assets and Cash Flows for the three and six months ended March 31, 2023 and 2022 have been prepared without audit.

In the opinion of management of the Sponsor, all adjustments (which include normal recurring adjustments) necessary to present fairly the financial position, results of operations and cash flows as of and for the three and six months ended March 31, 2023 and for all periods presented have been made. These financial statements should be read in conjunction with the financial statements and notes thereto included in the Annual Report on Form 10-K for the fiscal year ended September 30, 2022. The results of operations for the three and six months ended March 31, 2023 are not necessarily indicative of the operating results for the full fiscal year.

2. Significant Accounting Policies

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) requires those responsible for preparing financial statements to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by GLDM and the Trust.

2.1. Basis of Accounting

For accounting purposes, GLDM is an investment company within the scope of Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 946, Financial Services—Investment Companies, and therefore applies the specialized accounting and reporting guidance therein. It is not registered as an investment company under the Investment Company Act of 1940, as amended.

[Table of Contents](#)

These financial statements present the financial condition, results of operations and cash flows of the Trust combined with its operating series and GLDM separately. For the periods presented, there were no balances or activity for the Trust and the footnotes accordingly relate to GLDM, unless stated otherwise.

2.2 Basis of Presentation

The financial statements are presented for the Trust, as the SEC registrant, combined with GLDM and for GLDM individually. The debts, liabilities, obligations and expenses incurred, contracted for or otherwise existing with respect to GLDM are enforceable only against the assets of GLDM and not against the assets of the Trust generally or any other series that the Trust may establish.

2.3 Cash and Cash Equivalents

Cash and cash equivalents, when outstanding, include highly liquid investments of sufficient credit quality with original maturity of three months or less.

2.4 Fair Value Measurement

U.S. GAAP defines fair value as the price a fund would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. GLDM's policy is to value its investments at fair value.

Various inputs are used in determining the fair value of GLDM's assets or liabilities. Inputs may be based on independent market data ("observable inputs") or they may be internally developed ("unobservable inputs"). These inputs are categorized into a disclosure hierarchy consisting of three broad levels for financial reporting purposes. The level of a value determined for an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement in its entirety. The three levels of the fair value hierarchy are:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not considered to be active, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means; and

Level 3 – Inputs that are unobservable for the asset and liability, including a fund's assumptions (if any) used in determining the fair value of investments.

The following table summarizes GLDM's investment at fair value:

There were no transfers between Level 1 and other Levels for the six months ended March 31, 2023 or for the year ended September 30, 2022.

The Administrator values the gold held by GLDM on the basis of the price of an ounce of gold as determined by ICE Benchmark Administration Limited (the “IBA”), a benchmark administrator, which provides an independently administered auction process, as well as the overall administration and governance for the London Bullion Market Association (the “LBMA”). In determining the NAV of GLDM, the Administrator values the gold held on the basis of the price of an ounce of gold determined by the IBA 3:00 PM auction process (the “LBMA Gold Price PM”), which is an electronic auction. The auction runs twice daily at 10:30 AM and 3:00 PM London time. The Administrator calculates the NAV of GLDM on each day the NYSE Arca is open for regular trading, generally as of 12:00 PM New York time. If no LBMA Gold Price PM is made on a particular evaluation day or if the LBMA Gold Price PM has not been announced by 12:00 PM New York time on a particular evaluation day, the next most recent LBMA Gold Price AM or PM is used in the determination of the NAV of GLDM, unless the Administrator, in consultation with the Sponsor, determines that such price is inappropriate to use as the basis for such determination.

2.5. Custody of Gold

Gold is held by the Custodian on behalf of GLDM, 100% of which is allocated gold in the form of good delivery gold bars. A current list of all gold held by the Custodian, including any held with a subcustodian is available on the sponsor’s website at www.spdrgoldshares.com.

2.6. Gold Receivable

Gold receivable represents the quantity of gold covered by contractually binding orders for the creation of Shares where the gold has not yet been transferred to GLDM’s account. Generally, ownership of the gold is transferred within two business days of the trade date.

(Amounts in 000’s of US\$)	Mar-31, 2023	Sep-30, 2022
Gold receivable	\$ -	\$ -

2.7. Gold Payable

Gold payable represents the quantity of gold covered by contractually binding orders for the redemption of Shares where the gold has not yet been transferred out of GLDM’s account. Generally, ownership of the gold is transferred within two business days of the trade date.

(Amounts in 000’s of US\$)	Mar-31, 2023	Sep-30, 2022
Gold payable	\$ -	\$ 52,777

2.8. Creations and Redemptions of Shares

GLDM creates and redeems Shares from time to time, but only in one or more Creation Units (a Creation Unit equals a block of 100,000 Shares). GLDM issues Shares in Creation Units to certain authorized participants (“Authorized Participants”) on an ongoing basis. The creation and redemption of Creation Units is only made in exchange for the amount of gold and any cash represented by the Creation Units being created or redeemed. This amount will be based on the combined net asset value of the number of Shares included in the Creation Units being created or redeemed determined on the day the order to create or redeem Creation Units is properly received.

[Table of Contents](#)

As the Shares are redeemable in Creation Units at the option of the Authorized Participants, GLDM has classified the Shares as Net Assets for financial reporting purposes. Changes in the Shares for the six months ended March 31, 2023 and 2022 are as follows:

	Six Months Ended Mar-31, 2023	Six Months Ended Mar-31, 2022
(Amounts are in 000's)		
Activity in Number of Shares Created and Redeemed:		
Creations	28,600	20,900

Net Change in Number of Shares Created and Redeemed	<u>15,200</u>	<u>8,750</u>
	Six Months Ended Mar-31, 2023	Six Months Ended Mar-31, 2022
(Amounts in 000's of US\$)		
Activity in Value of Shares Created and Redeemed:		
Creations	\$ 1,023,097	\$ 796,384
Redemptions	(471,865)	(435,869)
Net change in Value of Shares Created and Redeemed	<u>\$ 551,232</u>	<u>\$ 360,515</u>

2.9. Income and Expense (Amounts in 000's of US\$)

The Administrator will, at the direction of the Sponsor, sell GLDM's gold as necessary to pay its expenses. When selling gold to pay expenses, the Administrator will endeavor to sell the smallest amount of gold needed to pay expenses in order to minimize GLDM's holdings of assets other than gold. Unless otherwise directed by the Sponsor, the Administrator will give a sell order and sell gold to the Custodian at the LBMA Gold Price PM following the sell order. A gain or loss is recognized based on the difference between the selling price and the average cost of the gold sold, and such amounts are reported as net realized gain/(loss) from investment in gold sold to pay Sponsor expenses on the Statement of Operations.

GLDM's net realized and change in unrealized gain/(loss) on investment in gold for the six months ended March 31, 2023 of \$900,548 is made up of a realized gain of \$77 from the sale of gold to pay Sponsor fees, a realized gain of \$10,812 from gold distributed for the redemption of shares, and a change in unrealized gain of \$889,659 on investment in gold.

GLDM's net realized and change in unrealized gain/(loss) on investment in gold for the six months ended March 31, 2022 of \$478,567 is made up of a realized gain of \$270 from the sale of gold to pay Sponsor fees, a realized gain of \$29,065 from gold distributed for the redemption of shares, and a change in unrealized gain of \$449,232 on investment in gold.

2.10. Income Taxes

GLDM is classified as a "grantor trust" for U.S. federal income tax purposes. As a result, it is not subject to U.S. federal income tax. Instead, its income and expenses "flow through" to the shareholders, and the Administrator will report GLDM's proceeds, income, deductions, gains and losses to the Internal Revenue Service on that basis.

The Sponsor has evaluated whether there are uncertain tax positions that require financial statement recognition and has determined that no reserves for uncertain tax positions are required as of March 31, 2023. As of March 31, 2023, the 2021, 2020 and 2019 tax years remain open for examination. There were no examinations in progress at period end.

3. Related Parties – Sponsor

Effective February 23, 2022, the Sponsor reduced its annual fee of 0.18% of the NAV of GLDM to 0.10% of the NAV of GLDM and implemented a one-for-two reverse stock split of the Shares which now represent 1/50th of an ounce of gold. The Sponsor's annual fee equal to 0.10% of the NAV of GLDM is calculated daily. The Sponsor is responsible for the payment of all GLDM's ordinary fees and expenses, including but not limited to the following: fees charged by GLDM's Administrator, Custodian, Marketing Agent and Trustee; exchange listing fees; typical maintenance and transaction fees of The Depository Trust Company; SEC registration fees; printing and mailing costs; audit fees and expenses; and legal fees not in excess of \$100,000 per annum and expenses and applicable license fees. The Sponsor is not, however, required to pay any extraordinary expenses incurred in the ordinary course of GLDM's business as outlined in the Sponsor's agreement with the Trust.

4. GLDM Expenses

GLDM's only ordinary recurring operating expense is the Sponsor's annual fee of 0.10% of the NAV of GLDM. The Sponsor's fee is payable monthly in arrears.

Expenses payable will reduce the NAV of GLDM.

5. Concentration of Risk

GLDM's primary business activities are the investment in gold and the issuance and sale of Shares.

Various factors could affect the price of gold including: (i) global gold supply and demand, which is influenced by such factors as forward selling by gold producers, purchases made by gold producers to unwind gold hedge positions, central bank purchases and sales, and production and cost levels in major gold-producing countries such as China, Australia, South Africa and the United States; (ii) investors' expectations with respect to the rate of inflation; (iii) currency exchange rates; (iv) interest rates; (v) investment and trading activities of hedge funds and commodity funds; (vi) other economic variables such as income growth, economic output, and monetary policies; and (vii) global or regional political, economic or financial events and situations. In addition, while gold is used to preserve wealth by investors around the world, there is no assurance that gold will maintain its long-term value in terms of purchasing power in the future. In the event that the price of gold declines, the Sponsor expects the value of an investment in the Shares to decline proportionately. Each of these events could have a material effect on GLDM's financial position and results of operations.

6. Indemnification

The Sponsor and each of its shareholders, members, directors, officers, employees, affiliates and subsidiaries will be indemnified by the Trust and held harmless against any losses, liabilities or expenses incurred in the performance of its duties under the Declaration of Trust without gross negligence, bad faith or willful misconduct. The Sponsor shall in no event be deemed to have assumed or incurred any liability, duty, or obligation to any shareholder or to the Trustee other than as expressly provided for in the Declaration of Trust. Such indemnity includes payment from the Trust of the costs and expenses incurred in defending against any indemnified claim or liability under the Declaration of Trust.

[Table of Contents](#)

The Trustee and each of its officers, affiliates, directors, employees, and agents will be indemnified by the Trust from and against any losses, claims, taxes, damages, reasonable expenses, and liabilities incurred with respect to the creation, operation or termination of the Trust, the execution, delivery or performance of the Declaration of Trust or the transactions contemplated thereby; provided that the indemnified party acted without willful misconduct, bad faith or gross negligence. The Sponsor will not be liable to the Trust, the Trustee or any shareholder for any action taken or for refraining from taking any action in good faith, or for errors in judgment or for depreciation or loss incurred by reason of the sale of any gold or other assets held in trust under Declaration of Trust. However, the preceding liability exclusion will not protect the Sponsor against any liability resulting from its own gross negligence, bad faith, or willful misconduct.

7. Financial Highlights

The following presentation includes financial highlights related to investment performance and operations of a Share outstanding for the three and six months ended March 31, 2023 and March 31, 2022. The total return at net asset value is based on the change in net asset value of a Share during the period and the total return at market value is based on the change in market value of a Share on NYSE Arca during the period. An individual investor's return and ratios may vary based on the timing of capital transactions.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This information should be read in conjunction with the financial statements and notes included in Item 1 of Part I of this Quarterly Report. This Quarterly Report, including the exhibits hereto and the information incorporated by reference herein, contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and such forward-looking statements involve risks and uncertainties. Except for historical information, statements about future gold prices, gold bullion sales, foreign currencies (including the Reference Currencies), foreign currency exchange rates, costs, plans, or objectives are forward-looking statements based on our estimates, beliefs, assumptions and projections. Words such as "could," "would," "may," "expect," "project," "intend," "plan," "believe," "seek," "estimate," and "predict," and variations on such words, and similar expressions that reflect our current views with respect to future events and fund performance, are intended to identify such forward-looking statements. These forward-looking statements are only predictions, subject to risks and uncertainties that are difficult to predict and many of which are outside of our control, and actual results could differ materially from those discussed. Important factors that we believe could affect performance and cause results to differ materially from our expectations are described in the sections entitled "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Annual Report on Form 10-K for the fiscal year ended September 30, 2022, as updated from time to time in World Gold Trust's Securities and Exchange Commission filings.

Trust Overview

The World Gold Trust (the "Trust") was formed as a Delaware statutory trust on August 27, 2014. The Trust consists of multiple series (each, a "Fund" and collectively, the "Funds"). Each Fund issues common units of beneficial interest that represent units of fractional undivided beneficial interest in and ownership of such Fund. The term of the Trust and each Fund is perpetual (unless terminated earlier in certain circumstances). The Trust was organized in separate series as a Delaware statutory trust rather than as separate statutory trusts to achieve certain administrative and other efficiencies. The Trust is sponsored by WGC USA Asset Management Company, LLC (the "Sponsor").

The Trust established six separate series, of which only SPDR® Gold MiniShares® Trust ("GLDM") is operational as of March 31, 2023. GLDM commenced operations on June 26, 2018. GLDM's investment objective is for its shares (the "Shares") to reflect the performance of the price of gold, less its expenses.

Gold is held by ICBC Standard Bank Plc (the "Custodian") on behalf of GLDM.

As of the date of this quarterly report, Goldman, Sachs & Co., J.P. Morgan Securities LLC, Merrill Lynch Professional Clearing Corp., Morgan Stanley & Co. LLC, UBS Securities LLC, HSBC Securities (USA) Inc., and Virtu Americas LLC are the only Authorized Participants. An updated list of Authorized Participants can be obtained from the Sponsor.

Investing in the Shares does not insulate the investor from risks, including price volatility. The following chart illustrates the movement in the market price of the Shares and NAV of the Shares against the corresponding gold price (per 1/100 of an oz. of gold) since the day the Shares first began trading on the NYSE Arca:

Critical Accounting Policy

Valuation of Gold, Definition of NAV

GLDM values the investment in gold bullion at fair value. BNY Mellon Asset Servicing, a division of The Bank of New York Mellon (the “Administrator”), will value any gold bullion held by GLDM on the basis of the price of an ounce of gold as determined by the ICE Benchmark Administration Limited (the “IBA”). In determining the NAV, the Administrator will value the gold bullion held by GLDM on the basis of the price of an ounce of gold determined by the IBA 3:00 PM auction process (the “LBMA Gold Price PM”). The Administrator will calculate the NAV on each day the NYSE Arca is open for regular trading, at the earlier LBMA Gold Price PM for the day or 12:00 PM New York time. If no LBMA Gold Price (AM or PM) is made on a particular evaluation day or if the LBMA Gold Price PM has not been announced by 12:00 PM New York time on a particular evaluation day, the next most recent LBMA Gold Price AM or PM will be used in the determination of the NAV, unless the Sponsor determines that such price is inappropriate to use as the basis for such determination. Gold held by GLDM is reported at fair value on the Statement of Financial Condition.

Once the value of the gold has been determined, the Administrator subtracts all estimated accrued fees, expenses and other liabilities of GLDM from the total value of the gold and all other assets of GLDM. The resulting figure is the NAV. The NAV is used to compute the Sponsor’s fee. The Administrator determines the NAV per Share by dividing the NAV of GLDM by the number of Shares outstanding as of the close of trading on NYSE Arca.

Inspectorate International Limited (“Inspectorate”) conducts two counts each year of the gold bullion held on behalf of the Trust at the vaults of the Custodian. A complete bar count is conducted once per year and coincides with the Trust’s financial year end at September 30th. On October 6, 2022, Inspectorate completed the annual full count of the Trust’s gold bullion held by the Custodian. The second count is a random sample count and is conducted at a date which falls within the same financial year and was conducted most recently on March 23, 2023. The results can be found on www.spdrgoldshares.com. The Sponsor generally visits the vaults of the Custodian twice a year as part of its due diligence procedures.

Results of Operations

In the three months ended March 31, 2023, 14,300,000 Shares (143 Creation Units) were created in exchange for 283,869.6 ounces of gold, 2,500,000 Shares (25 Creation Units) were redeemed in exchange for 49,621.4 ounces of gold and 718.2 ounces of gold were sold to pay Sponsor fees. For accounting purposes, GLDM reflects creations and redemptions on the date of receipt of a notification of a creation but does not issue Shares until the requisite amount of gold is received. Upon a redemption, GLDM delivers gold upon receipt of Shares. These creations were completed in the normal course of business.

At March 31, 2023, the amount of gold owned by GLDM and held by the Custodian in its vault was 3,075,643.6 ounces, 100% of which is allocated gold in the form of London Good Delivery gold bars with a market value of \$6,088,851,645 based on the LBMA Gold Price PM on March 31, 2023 (cost — \$5,371,534,695).

At September 30, 2022, the amount of gold owned by GLDM and held by the custodian in its vault was 2,806,871.5 ounces, 100% of which is allocated gold in the form of London Good Delivery gold bars with a market value of \$4,692,387,416 based on the LBMA Gold Price PM on September 30, 2022 (cost — \$4,864,729,657).

Cash Resources and Liquidity

At March 31, 2023, GLDM did not have any cash balances. When selling gold to pay expenses, GLDM endeavors to sell the exact amount of gold needed to pay expenses in order to minimize GLDM's holdings of assets other than gold or any gold receivable. As a consequence, we expect that GLDM will not record any net cash flow from its operations and that its cash balance will be zero at the end of each reporting period.

Movements in the Price of Gold

As movements in the price of gold are expected to directly affect the price of the Shares, it is important to understand the recent movements in the price of gold. However, past movements in the price of gold are not indicators of future movements.

The following chart shows movements in the price of gold based on the LBMA Gold Price PM in U.S. dollars per ounce over the period from June 26, 2018 (the first date the Shares began trading on the NYSE Arca) to March 31, 2023.

(2) There was no LBMA Gold Price PM on the last business day of December 2022, 2021 or 2020. The LBMA Gold Price AM on the last business day of December 2022, 2021 and 2020 was \$1,812.35, \$1,820.10 and \$1,891.10, respectively. The Net Asset Value of GLDM on December 31, 2022, 2021 and 2020 was calculated using the LBMA Gold Price AM.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

GLDM is a passive investment vehicle. Fluctuations in the value of gold bullion will affect the value of Shares which are designed to reflect the performance of the price of gold bullion, less GLDM's expenses.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

The duly authorized officers of the Sponsor, performing functions equivalent to those a principal executive officer and principal financial officer of the Trust would perform if the Trust had any officers, have evaluated the effectiveness of the Trust's disclosure controls and procedures, and have concluded that the disclosure controls and procedures of the Trust were effective as of the end of the period covered by this report. Such disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed in the reports that the Trust files or submits under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), are recorded, processed, summarized and reported, within the time period specified in the applicable rules and forms, and that such information is accumulated and communicated to the duly authorized officers of the Sponsor performing functions equivalent to those a principal executive officer and principal financial officer of the Trust would perform if the Trust had any officers, and to the Audit Committee of the Sponsor, as appropriate, to allow timely decisions regarding required disclosure.
